

\$130,000 Highland Fire Damages Stores, Lodge Rooms, Dress Plant in Village Center

Breaking Winter's Grip

Leaving an open passage in its wake, the Coast Guard cutter Eastwind plows through the ice on the Hudson River above New York to clear the way for delivery of barged fuel oil. Ice blocked docks from Newburgh to Albany. Coast Guard sent the cutter down from Boston to do the job. (U.S. Coast Guard Photo from NEA)

Fruit Men, Farmers to Get Less Cash in '48, Myers Says

East Wind Opens Channel to Albany

Albany, N. Y., Jan. 29 (AP)—The Hudson river was open today for projected oil shipments to upstate communities after a Coast Guard icebreaker cut a channel through the ice from New York City.

The cutter East Wind came in the Port of Albany last night leading the trailship Albany with its 90,000 gallons of kerosene.

The trailship and a Coast Guard tender, both ice-bound, at Kingston Point, were liberated yesterday.

Capt. John A. Glynn, who skippered the 6,315-ton cutter through ice 16 to 25 inches thick, said there was no danger of an ice jam forming in its wake.

A shipping company representative aboard the cutter said "a good size tanker, to say nothing of barges" could navigate the channel.

The East Wind returns to New York today.

Committee Asks Education Fund

Permanent Annual Boost of \$56,000,000 Aid Recommended

Albany, N. Y., Jan. 29 (AP)—Governor Dewey's Special Committee on Education today recommended a permanent annual increase of \$56,000,000 in state aid to education.

The proposed increase includes \$26,000,000, granted last year on an emergency basis, plus \$30,000,000 in new funds.

The report said the increased aid would cover the eventual cost—on a statewide basis—of the entire amount of teacher pay raises mandated by the 1947 Legislature.

The proposed formula revision also recommends:

- 1.—"Floors" of \$60 per elementary pupil and \$100 per secondary pupil in state aid to all school districts, regardless of wealth.
- 2.—A new minimum support level—borne by the state and the localities—of \$200 per elementary pupil and \$240 per secondary student compared to the present \$100 and \$130 figure.
- 3.—An "equalization deduction" of \$7 on each \$1,000 of real property valuation, an increase from the present \$2.55.
- 4.—Added benefits for central

Noid Addresses State Apple Situation; Doubts Boom

New York state fruit growers and other farmers will experience lower net incomes this year than in 1947, Dean W. I. Myers, College of Agriculture, Cornell University, predicted today in an address before members of the New York State Horticultural Society at its eastern meeting here.

The high cost of farming in general, he said, will undoubtedly mean a lower income for farmers and he urged cautious and conservative farming through the year.

Dean Myers spoke at the morning session of the second day of the convention and exhibit now in progress at the state armory, Minor avenue. Other addresses Wednesday by P. J. Chapman and S. W. Harman, division of entomology, Geneva, dealt with orchard pests.

The program today, which also included an address on the "National Apple Situation," by Truman Noid, executive secretary of the National Apple Institute, will be climaxed with a banquet at 6:30 p. m. in the Governor Clinton Hotel at which Frederick Snyder, local traveler and lecturer will be guest speaker.

Dean Myers, stressing world apple production, said:

New York Bakery Labor Dispute Remains In Stalemate; Affects 20,000 Employees

New York, Jan. 29 (AP)—A metropolitan area bakery labor dispute remained in stalemate today, and part of the industry faced a work stoppage by 10,000 to 20,000 employees and the closing of 600 baking plants and retail shops Saturday night.

A management spokesman said the "Big Four"—Continental, Ward, General and Gordon—and a number of others would not be affected.

After a lengthy union-management conference, both sides reported late last night that they were no nearer agreement. Intervention by the State Board of Mediation was believed likely.

Union wage demands are the core of the dispute. Involved are eight A.F.L. unions of bakers, drivers and retail clerks, two employer associations and a number of plants and retail shops which have had separate contracts with some of the unions.

Henry Mayer, a union lawyer, said a stoppage would halt production of a large part of the bread and cakes made in New York city

and in Nassau, Suffolk and Westchester counties.

Mayer spoke for Local 164 of the Bakery and Confectionery Workers International Union of America.

Jacob L. Walters, secretary of the Specialty Bakery Owners of America, one of the associations involved, said the "Big Four" and other companies not affected could step up production and "New York would have enough bread."

Mayer said the employers have refused to arbitrate and have "threatened to shut down."

The unions, Mayer said, are seeking \$1 a day increase in wage rates, now ranging from \$40 a week for porters to about \$90 for foremen bakers. The union also seeks a six-day, 48-hour week, and a contribution by the employers of 75 cents a day per employee toward a welfare fund.

Walters, saying the employers "can't afford to pay the union demands," declared:

"The price of our product is too high already to the consumer, and we would like to lower it. It certainly can't be increased, although the cost of materials is very high."

Walters said the eight-hour day

demanded actually would be seven and a half hours because it would include a half-hour lunch period.

He denied that the employers have refused to arbitrate or have threatened to close down. He said they would employ any men who reported for work after Saturday midnight.

The second employer association involved is the Metropolitan Bakers Guild.

The unions involved are four locals of the union Mayer represents, a local of the International Brotherhood of Teamsters, and three locals of the sales clerks union.

Mayer said some of the baking companies which would be affected by a work stoppage are Peckter, with plants in Manhattan and the Bronx; Stulmer, Brooklyn and Queens; Messing, Manhattan and Brooklyn; Public, Lower East Side Manhattan; Mager and Thorpe, Bronx, and Diamond, Bronx.

He said that among the bakeries not affected, in addition to the "Big Four," would be Gottfried, Cushman and Hanscom in New York city and Fisher in New Jersey.

France to Withdraw 5,000-Franc Notes As Two-Edged Action

Blizzard Isolates Upstate Areas; 2 Trains in Drifts

Canadian Boxing Team Due in Kingston Is Snowbound; Winds Hit 50 M.P.H.

Watertown, N. Y., Jan. 29 (AP)—A blizzard struck the northern New York "snow belt" with full fury today, isolating some communities, forcing schools to close and crippling highway and rail traffic.

At least two New York Central freight trains were bogged down in deep drifts. The railroad threw all available plows into action in an effort to keep main lines open.

(Five Canadian amateur boxers en route to Kingston from Ottawa to appear on B'nai B'rith card in the municipal auditorium tonight were reported snowbound near Malone for more than 18 hours and it was indefinite at noon whether they would make their way through or ask the local club to substitute New York city pugilists.)

Shortly before noon wind velocity reached 40 miles an hour with gusts up to 50 miles per hour. State police reported highway travel had come to a virtual halt. The storm area extended eastward from Adams and Watertown to Tupper Lake, following the general course of the St. Lawrence river.

Village and county highway plows ceased operating by mid-morning in the face of overwhelming odds. Snow drifted into roads faster than the plows could clear them.

99 Inches for Season

A continuing snowfall measured 10 inches at Watertown and Potsdam. The new fall gave Watertown a total of 99 inches of snow so far this season, or 60 inches more than a year ago for the same period.

A 34-car freight train was stalled at Great Bend, six miles east of Watertown, and a 50-car Watertown-to-Syracuse freight was bogged down one mile north of Adams.

Meanwhile, the New York Central's Watertown-to-Utica passenger train was being held at Watertown while railroad workers attempted to dig out the 34-car freight train. Approximately 200 men with shovels and 10 plows were on the job.

All Roads Blocked

All principal roads leading to Lowville, about 30 miles south of Watertown, were blocked virtually isolating the village. Several other smaller communities also were reported cut off by drifts.

Many secondary roads were plugged, and 30 schools in Jefferson county were closed due to drifted snow.

Buses out of Watertown, at

Continued on Page Sixteen

All Banks Closed to Prevent 'Spec' Activities in Nation

Paris, Jan. 29 (AP)—The government proposed today to withdraw all 5,000-franc notes from circulation as a blow at both inflation and the black market.

Authorized sources said this would grab about \$500,000,000 worth of francs away from black marketeers. There are 66,000,000 notes of the denomination in circulation, worth about \$1,000,000,000 at the free exchange rate. The informants indicated those who could not explain their possession of the notes would have them taken away.

The government closed all banks to forestall speculation during debate on the measure. Premier Robert Schuman urged the National Assembly to act quickly so that banks, the stock market and other financial agencies might open by Saturday.

Passage of this measure and the government's free gold trade bill seemed assured by a Socialist decision to support them in the Assembly. Schuman had staked his cabinet's life on his monetary program. The cabinet last Sunday decreed devaluation of the franc and the establishment of a free money market.

The 5,000 franc note is worth about \$15 on the free market. Its withdrawal is something like the withdrawal of all \$20 bills would be in the United States.

To Be Reimbursed

Assembly sources said Finance Minister Rene Mayer told them small holders of the bills would be reimbursed Feb. 2 and larger holders by a Feb. 5 decree. He said the bill was aimed directly at smoking out ill-gotten wealth of money dealers, restaurateurs and black marketeers.

Assembly sources said the premier and the finance minister told

Rose Fredericks Hurt in Car Crash

Kingston Woman Taken to Hospital in Newburgh

Newburgh, Jan. 29—Rose Fredericks, 21, of the Kirkland Hotel, Kingston, suffered a deep laceration over the right eye and cerebral contusions when the auto in which she was riding was in collision with a taxi here at 7:10 p. m. yesterday, the local police reported.

Miss Fredericks was taken by ambulance to St. Luke's Hospital where X-rays were expected to be taken today.

The Kingston girl, according to the report, was riding in an auto operated by Horst Claus, R.D. 2.

Boss Banker

Thomas B. McCabe (above) board chairman of the Federal Reserve Bank of Philadelphia, has been nominated by President Truman as chairman of the Federal Reserve Board of Governors. He will succeed Marriner S. Eccles 1934. (NEA Telephoto) who has been chairman since

Knutson Invites Democrats' Vote To Lower Taxation

Minnesotan Makes Appeal for Bi-Partisan Help, Asks They Not Be Misled

Washington, Jan. 29 (AP)—Rep. Knutson (R-Minn.) today made a direct appeal for Democrats in Congress to split with President Truman on the big election year tax-cutting issue.

He declared his bill to lower income taxes by \$5,000,000,000 is needed to help meet the high cost of living and "preserve the American system."

"Do not be misled again," Knutson told the Democrats in a prepared speech leading off debate on the measure.

"If there ever was need to encourage production to combat inflation, it is today."

"If there every was a need to provide relief to the individual income taxpayer from the oppressive war income taxes which are stifling initiative and preventing business expansion, it is today."

Last year President Truman vetoed bills by Knutson, who is chairman of the Ways and Means Committee, to trim taxes \$4,000,000,000 a year. Enough Democrats held the party line in Congress to uphold the President.

Knutson argued that the President himself has been "amazingly inconsistent" on the tax issue.

Mr. Truman has given every sign that he will veto any measure along the lines of Knutson's. Instead, he has suggested a \$40-a-person "cost of living" tax cut. To balance this, he asked \$3,200,000,000 of new taxes on corporations.

Before the debate began, speaker Martin (R-Mass.) said an income tax cut this year is in the bag.

Will Strike Monday

Stuttgart, Germany, Jan. 29 (AP)—About 1,000,000 workers in Wurttemberg-Baden will strike at midnight Monday protesting food shortages, it was announced today. The American Zone state's 24-hour general strike will be the second in less than 10 days involving 1,000,000 U. S. Zone workers. That many quit their jobs for a day January 23. The threat of strikes by 3,000,000 Germans hung over the British-occupied Ruhr and Rhineland. Trade unions there will consider a general walkout at meetings tomorrow in Muehlheim.

Treasury Receipts

Washington, Jan. 29 (AP)—The position of the Treasury Jan. 27: Receipts, \$330,032,557.67; expenditures, \$177,348,869.03; balance, \$4,095,530,734.89; customs receipts for month, \$32,986,061.74; receipts fiscal year July 1, \$22,688,651,804.72; expenditures fiscal year, \$19,828,086,174.85; excess of receipts, \$2,860,565,626.87; total debt, \$256,497,760,667.41; increase over previous day, \$27,092,176.51; gold assets, \$22,885,309,028.60.

White Produces Red

New York, Jan. 29 (AP)—New York city's white winter has produced red. The board of estimate had to vote an additional \$1,000,000 appropriation today when it became known that the snow removal fund was \$23,219 short. So far this winter the city has spent \$7,808,907 clearing the city of snow.

British Fear Crisis With Arab States

Middle East Is Watched Closely, Error Made, British Concede, in Judging Opinion

Change May Come Formation of New Iraq Government Might Be Next Move

London, Jan. 29 (AP)—Britain's government worriedly eyed the Middle East today, fearful of a crisis in their relations with the Arab states.

Officials conceded that recent riots in Baghdad reflected a serious British miscalculation of popular Arab opinion. The riots were in protest against a revised British-Iraq treaty of alliance.

Some informants said the British may try to retrieve lost ground by proposing slight modification of the treaty, which was signed January 15. It has not been ratified. The government of Premier Salih Bey El Jabur, which negotiated the revision, quit Tuesday.

The treaty would permit British troops to enter Iraq in event of war and would allow the British to use Iraqi airfields.

British officials said that even some Britons who had helped write the treaty acknowledged they had misjudged popular Arab opinion.

Little Variance

Normally, they said, there is little variance between the official Arab view and that of its people, but in Iraq a serious difference quickly became apparent.

There was some hope, however, that a new Iraq government might be formed which would be able to convince the people the treaty is in their best interests.

Foreign Secretary Ernest Bevin had expressed hope the British-Iraqi treaty would be one of a system of alliances to form a British-Arab bulwark against the spread of Communism in the Middle East.

But the trigger-quick temper of the Arabian man-on-the-street provides a tough problem.

A Moscow radio commentator heard in London gave the Soviet reaction to the Iraq question. The broadcast said the Arabs regard the treaty as a direct menace to national interests and an attempt "of the imperialists to continue their old colonial policy of enslavement of the peoples of Asia and Africa."

In Baghdad, former Premier Salih Bey El Jabur was reliably reported to have fled the city. A secret police informant said he had gone to Hilla, 60 miles south of Baghdad, to the tribes of his father-in-law. Crowds marched through Baghdad, crying for his head.

College President Dies

New York, Jan. 29 (AP)—Dr. Donald B. Tresidder, 53, president of Stanford University at Palo Alto, Calif., died last night in his suite at a mid-Manhattan hotel.

Ball Says Treasury Gives Eight Groups Tax Cut Okay

Washington, Jan. 29 (AP)—Senator Ball (R-Minn.) said today the Treasury is okaying income tax reductions for donations to eight groups labeled "subversive" by the attorney general.

The senator described all eight as "Communist fronts."

Ball said his office staff found the organizations among 81 listed by Attorney General Clark last November 23 as "subversive"—opposed to our kind of government.

They also appear, he told a reporter, on a Treasury list of "charitable, religious, scientific, literary or educational organizations. This makes contributions to them tax-free."

A Treasury official said the department has no power to separate "good" from "bad" organizations when making up its tax deductible list. It merely follows definitions in the law which Congress passed, he said.

But Ball said the Treasury is "very tough" about denying deductions for many other organizations "with only the slightest political tinge."

Ball called the Treasury listing "dangerous" because those who

represent the groups can claim "they have been checked by the U. S. Treasury Department and found to be purely educational."

He added:

"That almost amounts to a federal department assisting organizations dedicated to the overthrow of our system of government."

He suggested that in the future the "Treasury Department submit its list of tax-deductible organizations to the Federal Bureau of Investigation and clean out all subversive and front outfits."

Ball identified the eight groups as: Joint Anti-Fascist Refugee Committee; National Council of American-Soviet Friendship; Hollywood Writers' Mobilization; International Workers Order; Ohio School of Social Sciences; Cleveland, Ohio; Philadelphia School of Social Sciences; Samuel Adams School, Boston, Mass.; and School of Jewish Studies, New York city.

"Apparently this is another case in this administration of the right hand not knowing what the left is doing," the senator said.

Funds given to Communist-front groups, he added, "are siphoned off to finance Communist party work."

Asks Extension Security Is Cited

Washington, Jan. 29 (AP)—President Truman asked Congress today to extend until October 31 his power to control use of grain, saying the present shortage "jeopardizes the national security."

In a special message to Congress, Mr. Truman recommended that his authority over grain be extended under the Second War Powers Act "with respect to allocation and inventory control of grain for the production of Ethyl alcohol regardless of the use to which the product is to be put."

The message was read to the House. The Senate was not in session.

Education Board Would Have Bill Exclude School

Legislation Is Needed, Is Report; to Avoid Limitation Under State Law

Meeting at 5 o'clock Wednesday afternoon in order to conserve fuel oil, the Board of Education took action to have the legislature pass the necessary bill to extend for three years the present exclusion of school expenses from the 2 per cent limitation law.

Unless legislation is approved extending the exclusion of school costs from the 2 per cent limitation law, the present exclusion of school costs will expire on December 31, 1948. The board went on record as favoring another exclusion of school costs for a three year period. Kingston, like many other communities, will seek to have the exclusion law passed. Bills for such continued exclusion have already been prepared and offered by Senator Wicks and Assemblyman Wadlin relative to the city of Kingston.

The following resolution relative to the exclusion of Kingston school costs from the 2 per cent limitation law was adopted unanimously:

RESOLVED that the Board of Education request the Common Council of the City of Kingston to again petition the Legislature of the State of New York requesting an extension for the fiscal year commencing January 1, 1949 and for two (2) succeeding fiscal years thereafter, excluding the Board of Education of the City of Kingston from the tax limitation imposed and prescribed by Section 10 of Article 3 of the State Constitution."

A communication was received from the Ulster Chapter, Civil Service Employees' Association asking that janitors and cafeteria workers in the city's schools be granted accumulated sick leave up to sixty days. Under the regulation as it now exists these employees are limited to 10 days sick leave a year and it is not accumulative. The board after some discussion voted to extend the same privilege to the janitors and cafeteria workers as is given the teachers and other employees of the board, that is 10 days a year

Seven-Unit Force Fights Night Blaze

Walter Seaman Reports Looting of His Cash Register; One Car Stolen, Wrecked

Firemen Are Hurt Maynard Says Several Volunteers Injured on Job

Three brick buildings housing stores, lodge rooms and a dress factory were badly damaged in a fire of undetermined origin in the center of Highland last night.

The blaze, discovered at 11:30 p. m., started in the basement of the Walter R. Seaman hardware store and spread to the Gordon E. Wilcox dry goods store and the Grand Union Market buildings.

Fire Chief William H. Maynard of the Highland department, said today that damage has been tentatively estimated at \$130,000.

Equipment from Milton, Marlborough, Clintondale, New Paltz and from two stations in Poughkeepsie was called to join the Highland firemen in fighting the blaze which was reported under control, but not completely extinguished, at 3:30 a. m. today.

The fire was the second serious conflagration in the same area of the village in slightly more than two years.

Three frame structures nearby were damaged in another costly fire two years ago last December.

Two families in a fourth building on the block near the origin of the fire last night were routed by the blaze which swept rapidly from the basement of the Seaman store to the adjoining structures.

Origin Not Determined

Chief Maynard said today that he was unable to get through debris in the basement of the Seaman store in an effort to determine the origin.

The flames which had swept rapidly upward to the other structures destroyed the lodge rooms above the Grand Union and Wilcox stores and badly damaged the dress factory over the Seaman store.

All buildings were of two-story brick construction and each is about 75 by 100 feet in area. They are opposite the First National Bank and in the direct center of the village on Main street.

Chief Maynard is proprietor of Maynard's market on the opposite side of the street, and Walter R. Seaman, owner of the store in which the fire started, is a justice of the peace.

Cash Register Stolen

Seaman reported later that a cash register in his store had been looted of \$15. He also said that an auto owned by a Marlborough fireman had been stolen while firemen were fighting the blaze and had been found wrecked about two miles from the scene.

One of the Highland trucks and one sent over from Poughkeepsie, froze as they were fighting the blaze, the chief said. The equipment from Poughkeepsie was from the Phoenix and Young America Companies.

Firemen Are Hurt

Several firemen were injured slightly during the fire, the chief reported, but none was forced to leave the scene. One fireman, whose name was unknown, he said, suffered a broken finger.

One portion of the Seaman store was destroyed and the dress factory was badly damaged by smoke and water, the chief reported. Water damage was heavy in all of the buildings involved and considerable smoke and water damage was apparent in the house from which the families were forced to flee.

The fire was discovered, the chief said, by someone who was driving past the Seaman building in an auto. It had gained considerable headway by the time the firemen arrived and the call for extra help was put in at once.

Traffic over a considerable section of Main street was rerouted during the hours in which the firemen fought the fire. This did not affect through travel over Route 9W.

School Sky Sports Urged To Train Youths for Jet And Rocket Plane Flight

By FRANK CAREY

Associated Press Science Reporter

Washington, Jan. 29 (AP)—High school and college sky sports, to help train youths for jet-propelled and rocket plane flight, are suggested by a Mayo Clinic psychiatrist.

"It would seem evident that the time has arrived when competition in gliding, soaring and light plane flying between high schools and colleges should take their places as sponsored activities beside football, basketball and similar endeavors," says Dr. Maurice N. Walsh in an article in "The Military Surgeon."

"Selection and training of the men to fly these new jet and rocket planes, which make such excessive demands on their human pilots, should be carried out on a long-term basis," he said, "and should begin in the high school and continue through the university years."

He said the building of gliders and sailplanes should be a part of the curriculum of high schools, and physically qualified students should be taught to fly as part of the sports program.

"Probably relatively few in each class," he said, "would progress to the flying of high-per-

formance sailplanes, but those few on graduation would be familiar with airplane construction and aerodynamics and in addition would have undergone conditioning to actual flight which might prove invaluable in military or commercial aviation."

Expanding his suggestion for competition among airborne athletes, the doctor said: "It is probable that such a program could also serve the valuable purpose of increasing the anxiety tolerance of the young fliers participating, by permitting them to experience fear and apprehension in small doses, as it were, thus preparing them emotionally to meet major anxiety situations in their later military or commercial flying careers."

He said "the pressurized cockpit of the supersonic plane, together with the weird sensations produced by its great speed and the difficulty of escape in case of accident in flight, may give rise to 'two anxiety reactions' in persons predisposed to such reactions."

"It is of great importance that such individuals be eliminated early. Hence, in the selection of candidates for future military flying, it is essential that modern psychiatric techniques be employed."

NEW HURLEY

New Hurley, Jan. 28—Mrs. C. B. Wright of Ireland Corners spent Tuesday afternoon and evening at the home of her brother and sister-in-law, Mr. and Mrs. Edward Powell.

Mrs. Charles Magan spent a few days last week in New York. Mr. and Mrs. Germain Smith left here last week for Florida where they will spend some time and from there they will go to California to visit relatives.

Mrs. Halsey Sherwood returned home from Albany Hospital on Tuesday.

Mr. and Mrs. Myron Anderson attended the funeral of Mrs. Anderson's father, Harry Kelder, at the Sutton Funeral Home in Clintonville on Saturday afternoon.

The Young Women's Club will meet at the home of Mrs. J. W. Tyse on Saturday afternoon, January 31.

Choir rehearsal will be held at the home of Miss Frances Countryman on Thursday.

Ted Wright of Ireland Corners was a caller in this place on Tuesday evening of last week.

The Rev. and Mrs. Lester Alberts and daughters of Shawangunk were supper guests of the Rev. and Mrs. John W. Tyse one evening last week.

The Class of Orange will meet in special session in the Deer Park Church of Port Jervis on Friday at 2 p. m. Several students have applied for aid from the board of education and these applications need to be approved.

February will be observed as foreign missions month in the Reformed Church special programs in the Sunday school on February 1. Lucille Tyse will lead the adult worship Sunday school at 10:15 and preaching services at 11 a. m. Everyone welcome.

The annual Lincoln Day supper will be held at the church hall February 12 with Valentine Garrison as chairman assisted by the men of the church.

The Ladies Aid Society will meet at the home of Mrs. Clarence Spencer on Wednesday, February 4, at 2:30 p. m.

Several books from the Home Bureau lending library have been left at the parsonage for the use of the people of this community.

Mrs. Charles Jenkins, Mission-Society, and children, would welcome gifts for making up sewing bags, also crayons and games. Bring them to the all day

HERE'S WHY
YOU SHOULD USE
15% LESS HEATING OIL
THIS WINTER

The heating oil supply situation is critical. Unless you and other users of heating oil burn 15% less than normal the balance of this winter, your home may be cold! Today the industry's production is the greatest in history — BUT — still not enough to meet the record demand. To save your 15%, take these steps now: Set thermostat at 68°... turn down to 60° at night or when away... keep radiators off in all unused rooms... use fireplace whenever possible — keep flues closed when not in use.

**Stassen Meets Party
Leaders in Maine****Issues Open Challenge
to Dewey to Debate
Several Issues**

By JAMES F. KING
Portland, Me., Jan. 29 (P)—Harold E. Stassen swung into Maine to meet with party leaders and other officials today in his campaign to gain the Republican presidential nomination.

The 40-year-old former Minnesota governor arrived in Portland from Durham, N. H., a few hours after issuing what amounted to an open challenge to Gov. Thomas E. Dewey of New York to meet him in a debate on foreign and domestic issues.

Stassen told a press conference that the only strings attached were that the debate be under "impartial sponsorship."

He described New Hampshire's presidential preference primary March 9 of "national significance" because it is the first in the nation.

He added that he would probably make another trip to New Hampshire before the primary—especially if Dewey visits the state before then.

Two Republican governors — Ernest W. Gibson of Vermont and Charles M. Dale of New Hampshire—told reporters that Dewey and Stassen were the strongest among Republicans in their state.

Stassen, in his first direct reference to Dewey, said he "anticipated Gov. Dewey may change his tactics since entering the Oregon primary and may now decide to discuss the issues."

Stassen cited universal military training as one of the issues in an address before University of New Hampshire students last night.

He said he favored universal training to the extent that Unit-

ed States defenses must be kept strong, and suggested a three-point program:

1. Registration of all young men in the country 19 years of age or older who have not served in the armed service.
2. The establishment of a peacetime selection method for those who are registered.
3. The provision that such men may be called into service only upon specific action by Congress, specifying numbers and the purposes and conditions of all.

During his two-day Maine stay, Stassen will deliver three speeches and hold conferences with party leaders, Gov. Horace A. Hildreth and members of the "Draft Eisenhower League."

Two Killed in Accident
New York, Jan. 29 (P)—Two Bronx youths were killed yesterday when their sled sped down a hill on Teller avenue under the wheels of an eastbound 167th street surface car. The two were identified as Eugene Byrne, 10, of 1064 Clay avenue, and Earl Bjornson, 15, of 360 East 166th street. The boys and the sled were wedged under a forward truck of the street car. It was not until a police emergency squad reached the scene with a jack that they could be extricated. They were rushed to Morrisania Hospital, but were pronounced dead on arrival.

**WHY YOU MUST SAVE
FUEL OIL NOW**

Here's the problem
that
must be faced

This is what we're
doing to
meet the situation

Here's how you
can help
stretch the supply

You... your neighbors... your schools, your hospitals... are faced with a serious situation—the possibility of not having enough fuel oil to last the winter. Never before has it been more important that you save fuel oil and kerosene.

This is the case despite the fact that right now, more oil products are being produced and delivered than ever before in the nation's history. With more oil burners, more cars, more diesel trains, planes, farm machinery, the demand for oil exceeds even peak war years. Oil is asked to do—and does—more all the time!

EVERY BRANCH of the oil industry is working at breakneck speed to meet the ever-growing demand. Production of oil products is now at an all-time high... oil reserves at a record high level.

The oil industry is spending over 4 billion dollars to find new sources of supply... to expand refinery and distribution facilities... to provide extra, faster methods of transportation. But in this industry, as in many others, there are difficulties in obtaining necessary materials to expand facilities—refineries, means of transportation, storage. To correct the situation will take time.

In the meantime, there's one way you can help: save all the fuel oil you can... right now! It's the best way you can insure yourself having enough fuel oil the rest of this winter.

Save MONEY... save FUEL OIL... help stretch the supply.

1. Keep temperature at moderate level—not more than 68 degrees. Turn thermostat to 60 or below at night.
2. Keep doors, windows closed, shades drawn. Close off unused rooms.
3. Install storm windows and insulation to keep heat in... cold out.
4. Have your heating system checked to be sure you're getting the most efficient use of your fuel oil.

If everyone cooperates, the current "pinch" need not last too long. As soon as it is humanly possible, there'll be enough oil for your ever-mounting needs. The greater your cooperation, the sooner that day will be.

If everyone saves... there will be enough for all

Russia Objects To U. S. Airbase

Washington, Jan. 29 (AP)—Russia has objected to U. S. plans to re-open an air base in North Africa. First word that a formal protest has been filed with both the United States and Britain came in a Moscow radio broadcast today. Government officials, confirming that the protest was received here last week, said a reply will be sent to Moscow within the next few days.

They declined to predict what the answer will be. But they stressed that the United States and Britain feel they have a legal right to put American-built Mellaha Airbase, near Tripoli, back in operation. Moscow radio said Russia contends that United States operation of the air field in the former Italian colony of Libya is contrary to the terms of the Italian peace treaty.

A U. S. Air Force announcement in Frankfurt, Germany, Jan. 14 said the Mellaha base is to be used as a service stop for Air Transport Command planes.

Cold Wave Keeps Its Grip on New York

New York, Jan. 29 (AP)—A prolonged cold wave maintained its grip on the metropolitan area today as New York City ordered a 15 to 20 per cent cut in fuel consumption by its 51 oil-heated public schools.

Dipping below the 20-degree mark at 8 p. m. last night, the temperature declined gradually during the early morning hours to reach a low of 14 at 6:40 a. m. The Weather Bureau, forecasting a high of 30 for the day, predicted a low of between 10 and 15 degrees above zero tomorrow.

The reduction of fuel consumption was ordered yesterday by School Superintendent William Jansen, who said that a number of schools had only a three-day supply of oil on hand.

The situation, he said, is becoming more acute as the frigid snap continues.

**Eugene H. Fowler Buys
Hardware Building**
Eugene H. Fowler, who for 16 years has been conducting the hardware business at 20 East Strand, has purchased the hardware building from the estate of Louis B. Hasbrouck.

Since purchasing the business 16 years ago, Mr. Fowler has built up a large business both in the city and outlying districts.

Mr. Fowler has been in the hardware business and at the same location for 51 years, having entered the employ of Conrad E. Hasbrouck in 1897.

Under common law there is no such offense as espionage during a time of peace.

Petroleum Men Will Go to Work on Fuel Oil Shortage

Washington, Jan. 29 (AP)—Petroleum men set out to beat the serious fuel oil shortage by co-operation today.

Attorney General Clark promised them they are safe from the anti-trust laws as long as they do not try to fix prices.

With this backing, oil producers and dealers announced last night they will:

1. Cut production of gasoline at refineries sharply for the next two months to leave more oil for heating purposes.

2. Pool oil supplies in some areas to save transportation and overcome local shortages.

3. Plan for increased production of gasoline in the spring, especially to meet farm needs next summer.

Max W. Ball, chief of the Interior Department's oil and gas division notified the National Petroleum Council of the attorney general's ruling.

The council is an industry group which advises the department. It drew up the cooperative program last week.

Business From Africa

A complete set of up-to-date plumbing tools has just been furnished by the Canfield Supply Company for shipment to South Africa.

Counolly Sinks Off Newfoundland

Boston, Jan. 29 (AP)—The Army funeral ship Joseph V. Connolly went adrift from a tow line today off Cape Race, Nfld., and sank, the Coast Guard reported today. The ship, previously ravaged by fire, was under tow for New York.

The Coast Guard said the towing hawser slipped off a towing drum on the commercial tug Curb. Almost immediately, the Coast Guard said, the Connolly disappeared from the cutter Acushnet's radar scope. The Acushnet was accompanying the Curb.

Earlier, the Acushnet said, it was noted heavy seas were flooding the Connolly's after hatch. A whole gale was blowing and heavy snow squalls were prevailing when the Connolly disappeared, the Coast Guard said.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS

Education Board

Continued from Page One
was accumulated sick leave of 20 days.

Board Is Petitioned

Joseph E. Sills and Joseph F. Brandy, engineers at the M.J.M. and high schools, petitioned the Board for an increase in hourly pay for overtime work. They asked that they get \$1.50 an hour instead of the present \$1 an hour. The matter was referred to the Building Committee.

Since the consolidation of the Kingston city health department with the county health department it has been the practice to re-admit children, who have been absent due to communicable disease, on certification of the family physician. This has created a wide difference in time of re-admission and has returned to school students who have been considered "risky" cases. In order to protect students in school the Board voted a permit re-admission of students to public and parochial who have been ill, only on examination and certification by the school physician. This is in compliance with the state law which provides that the final decision for re-admission of students rests with the school physician.

Due to consolidation of the city and county health boards, the city health department is now being re-admitted on certificate by the city Health Department.

Favors State Aid
The Board went on record favoring additional state aid for schools and that thought will be conveyed to the legislature from this area. It was stated that the school teachers organizations are also solidly behind this proposal.

A communication was received and read from Fuel Oil Coordinators, Sills requesting that the schools co-operate in saving fuel. Mr. Laidlaw pointed out that the Board was meeting at 5 o'clock, immediately after school hours, while the building was still warm in order to save fuel. The meeting is usually held in the evening.

Permission was granted the First Church of Christ Scientists for use of the high school auditorium in May for a lecture. The Kingston Little Theatre Group was granted use of the auditorium for a play on March 18, the proceeds to be devoted to the work of the Ulster County Cancer Society.

The T.H.H. was granted use of the M.J.M. gym for their annual Valentine dance on February 7. The 4-H Club Association was granted use of the high school for their demonstration program on March 20.

A maternity leave of absence was granted Blanche H. O'Leary from January 1, 1948.

John Lindhurst, janitor at No. 3 school, was granted a six months leave of absence because of illness.
Presents Pay Roll
Trustee Matthews for the finance committee presented the pay rolls for December amounting to \$73,104.56 and January for \$74,302.32; also vouchers for bills amounting to \$3,200.88 for November and \$21,943.11 for December.

Trustee Lechman for the Building Committee reported radiators installed in No. 1 school and the trees on the No. 8 school grounds removed as contracted for. He also reported the Dodge four-wheel drive truck ordered some time ago had been received and had proven very successful in plowing snow.

The Board also voted to make application for admission to the proposed Hudson Valley football conference. Final decision whether to join such a league if formed will be made by the Board of Education.

A contract for magazines was awarded to Mrs. Ann Newkirk for the sum of \$413, she being the low bidder. Other bids were George Sholes, \$423.00; William O'Reilly, Inc., \$439; Herman Goldberger Agency, Boston, Mass., \$419.90.

Authorizes Purchase
The board authorized the purchase of six small safes from William O'Reilly, Inc., for the sum of \$87.50 each, delivered at the schools.
A contract to supply 100 cases of single fold paper towels was awarded to the Griffin Paper Company for \$3.43 per case. Other bids were Kingston Chemical Sales Company \$3.60, Livingston & LeFever \$3.50.

The board approved attendance of Superintendent Laidlaw at the American Association of School Administrators conference at Atlantic City on February 21-25; attendance of Miss Dawson at the National Committee on Research in English at Atlantic City on the same date and attendance at the Division of Curriculum Development and Supervision National Conference at Cincinnati on February 15-18. Three members of the Physical Education Staff, one from elementary, junior high and high school, levels at a Syncretic conference on January 29, 30 and 31.

The position of Director of Elementary Education was officially created by the board and Miss Mildred Agnes Dawson was engaged for the position at an annual salary of \$5,000. Announcement of this action had been previously carried by The Freeman. The board, in approving the action, adopted the following resolution:

"WHEREAS, the Board of Education, after months of careful deliberation and upon recommendation by experts in the field of elementary education, had decided to create the position of Director of

Elementary Education, and WHEREAS, this position requires a person with an all-round knowledge of and experience in the field of classroom teaching on the elementary, secondary, and university level as well as teaching experience in teacher training institutions, working with teachers, principals, and special teachers in the field of curriculum construction, publications, and supervision

THEREFORE BE IT RESOLVED, that the Board of Education appoint Dr. Mildred Agnes Dawson as Director of Elementary Education in the Kingston Public Schools at an annual salary of \$5,000, said contract to be for a three-year period beginning January 1, 1948.

Dr. Dawson has her Bachelor's Degree from Iowa State Teachers' College, her Master's Degree from the University of Chicago, and her Doctor's Degree from New York University. She has had twenty-three years' experience in elementary, secondary, and university teaching in Iowa, Indiana, Wyoming and Tennessee. She has been a consultant in elementary education and a consultant on curriculum construction in Knoxville and Chattanooga, Tennessee.

She has had considerable experience in the field of research and has been listed in "Who's Who in Education." Dr. Dawson has edited many textbooks in the field of elementary education, especially in the fields of arithmetic, English, reading, spelling and social studies, which books are being used in many schools.
She was chairman of a committee which made a survey for the National Conference on Research in English. She served on a committee which developed the curriculum for the course of study for elementary schools for the state of Wyoming and also for the state of Tennessee. She has conducted courses for teachers in the University of Maine, University of Indiana, University of Wyoming and the University of Tennessee. Dr. Dawson is considered to be one of the outstanding leaders in the United States in the field of Elementary Supervision, Research and Curriculum Development.

Public school money for the second quarter of the 1947-48 school year amounting to \$103,879 have been received, less one half retirement deduction of \$32,557, making the net amount received \$71,322.

A report was received on the estimated cost of operating a auto drivers' training course in the high school. The salary of an instructor would be \$3,100; gas, oil and insurance \$300; equipment and supplies \$700. Total cost \$4,100. The total number of students who can be given instruction by one teacher is 72.

The annual school census report was submitted by Superintendent Laidlaw as follows:
Resident minors, birth to 18 years of age, boys 3,939 and girls 3,848. Total 7,787. Resident public school enrollment to 21 years of

age 3,711. Resident private and parochial school enrollment to 21 years 1,002. Minors on school census but not enrolled in home school district 3,074. Total 7,787. Non-resident minors enrolled 1,150.

A report was also submitted by Mr. Laidlaw relative to the estimated increased cost of the salary Step Up schedule. There is a total of 203 positions. Positions not subject to the merit promotions 23. Positions subject to merit promotions 180. The total estimated increased cost is \$72,900.

Of this sum the greatest increase will be in the 6-8 year group where the cost will be \$40,500. In the 9-12 group the increase will be \$16,200. In the 13-15 group \$10,800 and the 16-year up group \$5,400.

Total receipts for the Kingston-Newburgh football game on November 27, 1947, was \$2,544.20. Expenses \$668.03 and the net proceeds \$1,876.17. Total attendance was 4,293 of which 2,876 were adult admissions; 1,116 student A.A. admissions and 201 children. A financial report on Kingston

Evening School was made. Receipts from registration \$563. Receipts from Vocational School \$227.41.

A report was received of the F.D.A. School Lunch Program from September 1947 to December 31, 1947. This report showed a total cash income from cafeteria sales of \$21,452.52; claims for reimbursement \$4,947.78 and inventories \$5,335.79 for a total income of \$31,736.04. Expenditures were \$18,528.25 for food, \$9,952.37 for labor, \$1,344.99 for other expenses and \$693.36 unpaid bills. Total

expenditures \$30,518.97. Net profit \$1,217.07. From September through December there were 42,605 Type A lunches served and 55,664 Type C lunches. There were 2,821 Type A lunches served (free) and 1,433 Type C free lunches served.

Superintendent Laidlaw also filed his monthly attendance reports for December.

The United States had about 18,000 inter-city buses in 1940. New York City has more than 2,200,000 dwelling units.

GARDINER

Gardiner, Jan. 28—Schedule of services in the Reformed Church: Sunday worship at 11 a. m. All

visitors welcome. Sunday school at 10 a. m. The Ladies' Aid will meet at the home of Mrs. David Wiese on Wednesday afternoon, Feb. 4. The hostesses will be Mrs. George Quimby, Mrs. Myron Wells and Mrs. Wiese.

Mr. and Mrs. Alfred Pretory of Richmond Hill, L. I., spent the week-end with her uncle John Ostrander. Several people from here attended the lecture given by Mrs. Franklin D. Roosevelt at State Teachers

College in New Paltz last week. John Moran, Jr., spent the week-end at Albany with Mrs. Moran and their two sons. Mrs. Frank DuBois spent last week with her brother-in-law and sister, Mr. and Mrs. Samuel Farn-

man at Highland.

Army of Cats Needed

New York, Jan. 29 (AP)—The United States may send an expeditionary force of tough alley

cats abroad to kill rats pilfering Europe's food reserves. That, at least, is the proposal of the American Feline Society which, heeding a plea from the London Daily Mirror, suggested yesterday that an army of 1,000,000 healthy and

vigorous work cats be mobilized here for rat extermination duties in Europe.

War sloops are being converted into whalers in Belfast, Northern Ireland.

Hudson Valley Woman
Gets Federal Sentence

New York, Jan. 29 (AP)—Federal Judge William Bondy yesterday sentenced Jane Ann Francione, 24, to nine months in the Federal Women's House of Detention, Alderson, West Va., on her plea of guilty last week to a charge of embezzling \$300 in government allotment checks which she had received as the wife of a soldier.

The defendant, a native of Poughkeepsie, N. Y., and recently employed in a Newburgh, N. Y., tavern, married Howard Lake in Poughkeepsie on Christmas Day, 1941, according to Assistant U. S. Attorney Robert Mitchell.

On January 2, 1946, Mitchell said, she went to Camp Campbell,

Ky., where she married Charles Beach, a soldier stationed there. Mitchell said Beach formerly lived in Poughkeepsie where the defendant had met him. Subsequently she received six \$50 allotment checks between August, 1946, and February, 1947, as the wife of Beach, he said.

The prosecutor said the defendant was arrested last fall in Cambridge, N. Y., and released without bail on a promise to appear later to plead guilty to the charge. She failed to appear, and last week through she already had a husband, F.B.I. agents arrested her in Newburgh.

Want to salvage that old chest in the attic? Paint it shocking pink or emerald green and use it as the only bright accent in a white-walled room.

Dumm Re-elected President
Of Ulster-Greene Council
Boy Scouts of America

The annual meeting of the Ulster-Greene Council, Inc., No. 405, Boy Scouts of America, was held on Tuesday evening, at the Stuyvesant Hotel in Kingston. Clarence L. Dumm, president of the council for 1947, presided over this meeting, which was for the purpose of electing council officers for 1948. Seventy-five council officers and representatives of the sponsoring institutions throughout the Ulster-Greene Council attended.

The nominating committee chairman, Dr. Bart C. Van Ingen, offered the following slate of officers for election:

Clarence L. Dumm, president; Major Thomas J. Hanlon, vice-president; Frank Mason, vice-president; Reginald Every, vice-president; Valentine W. Morrow, vice-president; Clarence L. Dumm, national council representative; G. Herbert DeKay, national council representative; Sidney K. Clapp, council commissioner; Harry Rigby, Jr., assistant council commissioner; Walter L. Foster, treasurer.

Unanimous Ballot. After the slate of officers was presented, no other nominations were forthcoming from the floor; and the Scout Executive D. Gregory Badger was requested to cast a unanimous ballot by the chairman, after a rousing vote of acceptance by the men present.

Previous to the election, reports were heard from the district chairmen: Lee Decker, Mountain district; Herbert Bell, Southern district; James Maguire, Northern district; Joel Balotin, Rondout valley district; Raymond H. Rignall, Kingston district; Raymond Quackenbush, Saugerties district; and Reginald Every, Western district. All district reports contained a large note of optimism, and it was evident that these key men looked forward to a steady growth in the whole scout family and in the number of sponsoring institutions in 1948.

Walter Foster, treasurer of the Ulster-Greene Council, offered his report on the financial status of the council.

The chairman of the operating committees in their reports continued the bright note set by the district chairmen. James A. Maguire reported for the finance committee; Valentine Morrow for camping and activities; Harold Van Voorhis for leadership training; Dr. George James for health and safety; Major Thomas Hanlon for organization and extension; and Dr. Van Ingen for advancement.

President Clarence L. Dumm, as his first official act in that capacity for 1948, called for action to apply formally for renewal of the council charter by the National Council, Boy Scouts of America.

"I should like to entertain a motion that the council make formal application for a renewal of our charter by the National Council, in which we accept our obligation to loyally cooperate with the National Council and its representatives in promoting the program of the Boy Scouts of America in accordance with the provisions of the constitution and by-laws, policies and regulations of the Boy Scouts of America."

The closing ceremony of the annual meeting was the presentation of the "Silver Beaver" to the following men: G. Herbert DeKay and Clarence L. Dumm.

The following citations were read:

Clarence L. Dumm: "One of the men we honor tonight possesses a long record of service to boyhood which speaks eloquently for itself. Over a great many years his personality and sterling character have touched the lives of many thousands of growing boys and girls. He has two fine sons of his own. As a school man, church man, and officer of youth organizations and civic enterprises, he has more than earned this special recognition."

"In the early days of scouting he served as the first scout executive at Elmira and at Auburn, N. Y. His service to the Ulster-Greene Council began in 1932, when because of his past experience he was elected to the executive council which position he held for 11 years. He has served scouting in this area as a troop committee chairman, troop committee chairman, chairman of leadership training, and as council president. He served as Sunday school superintendent at St. James Methodist Church in Kingston and has been a member of the official board for several years. He has been a member of the Kingston Y.M.C.A. and was its president for a number of years. He was elected vice president and president of the Kingston Kiwanis Club, vice principal of Kingston High School, and principal for nearly 15 years. He served as trustee of the Y.W.C.A."

Clarence Dumm, accept this Silver Beaver award as a symbol of years of service to your council and to the youth which it serves. You have proven worthy of this recognition."

George Herbert DeKay: "The Silver Beaver is being presented to a man who enjoys wide popularity and confidence among the men of the community which he serves and among the scouts of this council. He has shown a most unusual willingness to give liberal and effective assistance in many worthwhile financial campaigns for different public institutions, such as his church, Y.M.C.A., Boy Scouts of America, Y.W.C.A., and others. In this service, and in his capacity as an

official of youth and civic organizations, he has certainly been instrumental in bringing much benefit to boys. He has a son of his own.

"He has served as: Deacon in First Dutch Reformed Church of Kingston, vice-president and president of the Kingston Kiwanis Club, board member of Kingston Y.M.C.A., and general chairman of his church campaign to raise capital funds."

"He has served this council as a troop committee chairman, district commissioner, district chairman, executive board member, finance committee member, and council president. He did an outstanding job in each capacity, where his unusual enthusiasm, administrative ability and energy produced outstanding results."

"George Herbert DeKay, in recognition of your leadership in the service of youth, your council is proud to present you with the Silver Beaver award. We know you will wear this award proudly as you continue to serve boyhood as faithfully as you have in the past."

The Silver Beaver ceremony was under the direction of Joel Balotin. Scouts Frank McMahon, Gilbert Smith, and Charles Gildersleeve, Troop 12; Air Scout William Phillips, Squadron 3; Explorer Scout Thomas Roach, Post 3; Sea Scout Robert DeLuca, Ship 45 formally presented the awards on behalf of the more than 1,200 boys in scouting in the Ulster-Greene Council.

The meeting opened with a color ceremony by the honor

Sanitary Tissue Shortage Acute

New York, Jan. 29 (AP)—Most types of sanitary tissue and absorbent papers are in short supply, and toilet tissue is extremely hard to get in many sections of the country, buyers for chain stores said today.

Some spokesmen for the industry attribute the shortage, especially in toilet tissue, to market operations. "You can get all the high grade tissue you want, if you pay the price. But what a price!"

Others attributed the shortage to big operators who had brought up a number of tissue mills, and also to increased exports to South America, which, they said, had occupied manufacturers more and more since British and Italian hold on the South American trade had been loosened by the war.

A spokesman for the tissue association said that "any seeming shortage is due to population changes and to some distortions in distribution."

An executive of the Yorkville Paper Co., said heavy buying of tissue by the armed services had created a new demand that did not exist before the war.

"Tens of thousands of troops in the armed services became acquainted with toilet tissue and tissue for the first time in their lives, and after the war introduced it to their families, increasing the demand," he said.

KRUMVILLE

Krumville, Jan. 28—Several from this community attended the funeral of E. Barringer Wednesday in Sunnysville. He had many friends in this place who mourn his demise.

The children of the school are filling cards with coins for the March of Dimes. Some of them have filled several cards.

Mr. and Mrs. Harold Davis and family of Hurley were callers at the home of his mother, Mrs. Kate Davis, last Sunday.

Mrs. Alice Barringer, who has been in ill health for some time, called Wednesday at the Barringer home.

Mr. and Mrs. Eren Silkworth, Mr. and Mrs. Clarence Burgher, Mr. and Mrs. Allen Krum and family and Mr. and Mrs. Raymond Bell attended the joint birthday party for Joseph Burgher and Florence Bell at the Burgher home last Friday evening.

Several friends and relatives spent Friday evening at the home of Mr. and Mrs. Lora Hoyer to celebrate Mr. Hoyer's birthday.

Anti-Red Peasants Seek U. S. Aid

The International Peasant Union, composed of former eastern European officials who fled their Communist-dominated countries, seeks the aid of the Western Allies in organizing an "international democratic front" to combat the Soviet Cominform. Leaders of the movement, pictured in Washington, are, left to right: exiled ex-Premiers Ferenc Nagy, of Hungary; Stanislaw Mikolajczyk, of Poland; and Dr. G. M. Dimitroff, Bulgarian peasant leader.

The Nile, second in length of all rivers of the world, is 3,473 miles long.

When the Romans occupied Britain, they used iron nails in their building.

ULSTER PARK

Ulster Park, Jan. 28—Services were cancelled in the Reformed Church last Sunday because of the snowy conditions of the roads. The services for the church next Sunday are: Morning worship at 9:45 a. m. with the pastor, the Rev. Harry E. Christiana, in charge. Sunday school at 11 a. m. The congregational meeting held last week in the Grange hall was well attended. A vespers supper was served by the ladies of the con-

sistory and choir. The meat was donated by the Rev. Mr. Christiana. Reports showing a prosperous year were read by the treasurers of the church, Ladies Aid and Sunday school.

Mr. and Mrs. George Tisleru have been entertaining their sister, Mrs. Victor Anthenelle of Dunellen, N. J., and their nephew, Anthony Anthenelle and family of Greenfield, Pa.

Cub Scouts, Den 2, Pack 26, will hold their regular meeting Friday afternoon with Mrs. R. C. Gendreau, the den mother.

Mr. and Mrs. James Michaelides of New York are receiving con-

gratulations on the birth of a daughter, January 20, at Harkness Pavilion, New York. Mrs. Michaelides is the former Olympia Tisleru of this place.

Ulster Grange, No. 909, will hold its next regular meeting Wednesday evening, February 4. Topic for the lecturer's hour will be "Home."

The officers association of all the granges in Ulster county will hold its regular quarterly meeting in Highland Grange Hall, Wednesday evening, February 11, at 8 p. m. This will be an important meeting with election of officers and discussion of the National Grange Community Service contest.

Seal Sale Report
Due February 2Urges Is Made for All
Returns by That Date

Edmund P. Rochford, county Christmas seal chairman, announced today that followup cards are being mailed out this week from the Ulster County Tuberculosis office to remind those who have forgotten to answer their tuberculosis campaign letter. Mr. Rochford will make a report of the seal sale to the board of directors at their quarterly meeting on February 2.

"While a few persons have overlooked making their returns for these seals, we are confident they will do so promptly, enabling us to reach the quota necessary to carry out the health projects planned for 1948," Mr. Rochford added.

"We hope this year to make great gains against tuberculosis, a communicable disease which is one of the leading causes of death in this country, but which can be eradicated if everyone cooperates in the well-organized campaign to prevent the spread of this disease."

Third Party Move Begins
York, Pa., Jan. 29 (AP)—Formation of a third party in Pennsylvania, backing Henry A. Wallace for the presidency, was in full swing today with a statewide convention slated to be held here March 7. The new party, which declared itself dedicated to placing the name of Wallace and "other Progressive candidates" on the November ballot, announced the convention date last night and said more than 2,000 delegates from all parts of the state are expected to attend.

\$23,341,350 Mailed
In Bonus Checks

Albany, N. Y., Jan. 29 (AP)—Bonus checks totalling \$23,341,350 have been mailed to New York's World War 2 veterans and their next of kin.

The State Bonus Bureau said yesterday 102,810 checks had been mailed since the first payment on Jan. 6. Checks now are being issued at the rate of 7,000 a day.

The \$400,000,000 bonus for an estimated 1,600,000 veterans was approved by the electorate last fall.

Albany, N. Y., Jan. 29 (AP)—Assemblyman Thomas A. Carney introduced a bill today to withdraw recognition of the Communist party as a political body in New York state.

The Brooklyn Republican described his measure as "a badly needed piece of legislation."

"The Communist party advocates the overthrow of the American form of government, yet demands recognition as political party within the same government," Carney asserted.

His was one of several new anti-Red measures dropped into legislative limbo today by the Assembly.

A companion measure was introduced by another Brooklyn Republican, Senator Richard McCleery.

Meanwhile, Senator Thomas C. Desmond filed a bill which he said was designed to "expose" any "irregularities" in appointments by judges. The Newburgh Republican declared that judicial patronage "appears to be one of the principal sources of large-scale spoils."

Under Carney's bill, neither the

Bills Proposed in Legislature

Communist party nor any other organization advocating overthrow of the government would be recognized as a "party" or "independent body" under the election laws.

The Communists will be unable to get on the ballot this year except by petition because in the last general election they failed to poll the required 50,000 votes for governor.

McCleery introduced another bill which would require loyalty oaths from teachers, instructors and professors.

A measure along similar lines, but applying to applicants for public employment, was sponsored by Assemblyman Frank McMullen, Brooklyn Republican.

McMullen's bill stipulates that job applicants be investigated and undergo loyalty oaths before being hired. His bill also would establish a loyalty review board in the Civil Service Commission and provide for dismissal of employees after hearing.

Desmond's measure would require clerks of courts to file annually with the secretary of state a statement of judicial appointees, such as referees and receivers. The

statement would include the amount of fees allowed.

"He said the measure would turn 'the spotlight of publicity' on appointments made by judges."

"If no abuses exist, this fact will become readily apparent," Desmond declared. "If, on the other hand, spoilsmen are hiding behind judicial robes, this too will become known."

Approximately 13,000,000 telephone calls are made in New York city every day.

Crunchy Bran Muffins Rich with Raisins

Tasty Kellogg's All-Bran and luscious raisins... in-m-m, there's a mouth-watering flavor combination!

2 tablespoons 1 cup milk
2 cups shortening 1 cup sifted flour
1 cup sugar 1 teaspoon salt
1 egg 2 1/2 cups Kellogg's All-Bran
1 cup raisins 1 cup baking powder

Blend shortening and sugar thoroughly; add egg and beat well. Stir in Kellogg's All-Bran and milk. Let rest until most of moisture is taken up. Sift flour with salt and baking powder; stir in raisins. Add to first mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full. Bake in a moderately hot oven (400° F.) 25 to 30 minutes. Makes 9 marvellous muffins.

Judge Renews His Criticism of Laws

New York, Jan. 29 (AP)—Another judicial blast at New York state's laws, which permit horse betting inside but not outside race tracks, was delivered yesterday as Emmet (Joe Pledge) Polizio, was sentenced to six months in jail for bookmaking.

Queens County Judge Thomas Downs, sentencing the 49-year-old bookie whose charges of police graft touched off grand jury probes and a city-wide anti-gambling campaign, commented: "Some day we will have legislators with enough courage to correct the situation. We must either wipe out racing and remove that temptation, or else legalize all betting."

The judge said he has sentencing Polizio "for violating the law—as it now stands." Judge Downs expressed similar sentiment last year when he accepted a presentment from a grand jury which investigated Polizio's charges that police shook down bookmakers, and came up with a recommendation that off-track betting be legalized. The grand jury reported it found no evidence of police graft. Defense Counsel Joseph A. Lombardo said he will appeal the guilty verdict and sentence.

SAUGERTIES NEWS

Saugerties, Jan. 29 —A report of the Christmas lighting fund shows 1,635 contributed and a balance of \$103.21 in the bank. The Saugerties Drum Corps gave its services free the night of the parade. Expenditures amounted to \$1,531.79.

William R. Johnson, superintendent of the Saugerties Water Department, has been elected president of the Saugerties Savings and Loan Association.

Frances Burhans of Livingston street has returned from the Benedictine Hospital.

Mr. and Mrs. Francis Ruether of upper Washington avenue was a week-end visitor of his father in Troy.

The annual banquet of the Saugerties Chamber of Commerce will be held in the Schoenheit Hotel, Wednesday, Feb. 4 at 6:30 p. m.

John Barnham of Haines Falls was conveyed to the Dale Sanitarium in this village for treatment.

Miss Virginia Slater is ill at her home on John street.

Mrs. Robert Rushforth of Oswego is the guest of her parents, Mr. and Mrs. Robert Duffy on Barclay Heights.

The Rev. Robert Dickson, new pastor of the Reformed Church, will have charge of the services on February 1. Installation of the new pastor will be held Thursday, Feb. 5, at 7:30 p. m. This will be followed by a reception under the auspices of the ladies' auxiliary.

The Saugerties Ministerial Association has announced that \$125.34 was sent to the Church World Service for relief of the needy. This amount from the offerings in the Lutheran Church on Thanksgiving Day and Christmas.

Fred Hubert has been granted a certificate of membership in the Washington Hook and Ladder Company.

George Hildebrandt, Vincent

Hennegan and Floyd Schultz have been granted exemption certificates from the R. A. Snyder Fire Co.

The Saugerties Child Study Club held its meeting recently and discussed "What About Home Work?" led by Mrs. Clement and Mrs. Harold Van Voorhis. Discussion followed with Miss May Evans, grade supervisor of the schools, who suggested several helps for the children in their school work.

Mr. and Mrs. Michael Buono of Glasco have moved into their new home on Elm street which he purchased recently.

Mrs. Catherine Schaffer has returned to her home in this village from the Benedictine Hospital.

Mrs. Susie Anderson of Main street has recovered from an attack of illness and is able to be out again.

William D. Brinler of Union College, Schenectady, spent the past few days with his mother on Main street.

Miss Ruth G. Eddy of the Delandville High School faculty spent the week-end at her home in this village.

Mr. and Mrs. William Brandow of this village and John Schneider of Canoe Hill spent the evening recently with Mr. and Mrs. William Saura of this town.

Mr. and Mrs. Raymond Stonebridge of the Bronx were recent guests of Mr. and Mrs. Jacob Rogers, Jr., at West Saugerties.

Ten pupils of the sixth grade of the Main Street School visited Albany, with their teacher Miss Barbara Burger. The pupils visited the Arts Building and the N. Y. State Educational Building. Those making the trip were Clyde Knauf, Nancy Stafford, Marlene Yarvin, Richard Gueren, Jeanette Zeilman, Gall Abbot, Larry Cahill, Betsy Haeussler, Joan Harris, George Johnson, Chester Wolven, son of Mrs.

Anna Wolven of Russell street, has received his honorable discharge from the U. S. Marine Corps at Camp Lejeune, N. C.

The following officers were elected to serve on the Saugerties Chamber of Commerce for the year of 1948: Joseph Rose, president; Rudolf Nelson, first vice president; George DuBois, secretary; Glenford Teetsel, treasurer. Several new members were admitted and a social hour was enjoyed. Refreshments were served by Thomas Buono of the Exchange Hotel.

Robert Shapiro of Main street has returned from Brooklyn where he was called by the death of a friend.

Mrs. James Ledwith of South Parition street is at her home due to injuries suffered in a fall on the ice.

Mrs. Ruth Dale of Barclay Heights spent the past week visiting in Miami, Fla.

Mrs. Harry Myers of the Light-house Drive has returned home from the Dale Sanitarium.

Mr. and Mrs. Donald Melius have returned from their honeymoon in New York.

Mrs. Gertrude Hovan of Malden-on-Hudson is a patient at the Benedictine Hospital, Kingston.

The public is invited to attend the World Day of Prayer to be held February 13 in the Reformed Dutch Church on Main street starting at 3 p. m.

A son has been born to Mr. and Mrs. Thomas Greening at the Bonesteel Sanitarium. Mrs. Greening was Miss Elmar Olsen of Tannersville and Centerville.

Notice has been issued by the village clerk that property on which the 1947 taxes are unpaid will be offered for sale the latter part of February. The list is to be advertised on February 1. Delinquents who pay their taxes before January 31 will save the cost of advertising charges.

Police are checking on the theft of a coin box placed in a local store for March of Dimes contributions. It is estimated that the container held approximately \$10. Those in sympathy with the worthy cause of helping infantile sufferers are highly incensed over the theft.

Buyers for local stores are in New York looking over merchandise for special Easter trade. They are Mrs. Newton Myers and Mr. and Mrs. E. C. Reed.

Oscar Ehrler and Jackie Snyder both of this village have arrived in Phoenix, Ariz.

A son has been born to Mr. and Mrs. Robert Youngs of Main street at the Benedictine Hospital, Kingston.

The Martin Cantine Company of this village is having a large shower room installed for male employees.

Fraud Charges Dismissed

Kansas City, Jan. 29 (AP)—Vote fraud charges against 66 persons indicted by a state grand jury which investigated the 1946 Kansas City primary election were dismissed yesterday in Circuit Court. The mass dismissals followed a ruling by Circuit Court Judge James W. Broadbent that testimony of former grand jurors as secondary evidence was not admissible under Missouri law. Ballots and records which the grand jury used in its investigation were stolen and Prosecutor James G. Kimbrell had proposed to use grand jurors as witnesses to offer testimony regarding the missing information.

Will Boom Wallace

New York, Jan. 29 (AP)—Formation of the National Wallace-for-President Committee was announced yesterday by Henry A. Wallace, third party White House aspirant, Elmer A. Benson, of Appleton, Minn., former Minnesota governor and U. S. senator is chairman. Benson is a leader of the Democratic Farmer Labor party, the official Democratic party of Minnesota. Wallace announced C. B. Baldwin, executive vice-chairman of the Progressive Citizens of America, will be his presidential campaign manager.

(Author of "Etiquette," "Children Are People," etc.)

BREAD ON TABLECLOTH

Dry bread on a formal table has surprised many of my readers. Evidently the memories of many do not go back very far. A reader tells me: "I was surprised at your answer to 'Where is bread put when no bread and butter plates are included at a formal dinner?' which was the following: 'At a dinner too formal for bread and butter plates, the bread correctly is put on the tablecloth.' It seems to me if dinner is too formal for bread and butter plates, it's too formal for bread. Anyway, the idea of putting bread on the tablecloth is brand new to us!"

Everyone who can remember the days of real formality will tell you as well as I that butter never was served at a formal dinner. A square block of dry bread about an inch and a half high and thick by two inches long or else what is now known as a dinner roll (neither of which could make the slightest spot on the tablecloth) was placed between the folds of the napkin on each service plate. You sat down at the table and put your bread on the tablecloth—always!

Open House

Dear Mrs. Post: How should the invitations be worded to a family open house? This party will include my parents' and older sister's friends as well as my own younger friends.

Answer: Your parents send to everyone their double visiting card with the words "Open House" beneath their name and the date of the party below that. To your personal friends you enclose your own card with that of your parents. Your sister encloses her card to her friends. If neither you nor she has cards, you could write your names on your parents' invitations.

Mrs. Post's booklet, No. 504, "The Etiquette of Table Setting," contains answers to many questions concerning silver, linen and use of candlesticks. To obtain a copy send 10 cents (coin preferred) and a 3-cent stamp to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail. (Released by The Bell Syndicate, Inc.)

Democrats Release Second Part of Slap at Governor

'Searching' Probe of State
Financial Practices
Sought; Sharp
Reply Given

Albany, N. Y., Jan. 29 (AP)—Democratic legislative leaders today labeled Governor Dewey New York's "champion fiscal juggler," accused him of stinginess toward localities and demanded a "searching investigation" of the state's financial practices.

Republican legislative chiefs replied that the Democrats were performing an "incredible flip-flop" at the direction of the White House as an election year move against Dewey, who is seeking the Republican presidential nomination.

The exchange was the second in many days. Senator Elmer F. Quinn and Assemblyman Irwin Stengut, the Democratic helmsmen, began the assault yesterday by releasing the first section of a two-part party "study," which belabored Dewey as the most extravagant governor in the history of the state.

They followed up today by releasing part two of the study, comprising a 30-page analysis of the state's relations with its localities. It cited figures purporting to show that Dewey's administration has deprived municipalities of a fair share of state revenues.

"The whole story of Governor Dewey's dealings with the cities, school districts and other governments of the state," the report asserted, "proves that he adheres

to a double standard of fiscal morals.

"He has one code for state finance, which has more than doubled the expenses of his own official household and of all state operations, and taken \$40,000,000 in cash from the taxpayers over and above his advance estimates.

"He has a second code for the local governments—efficiency and economy and stringent restraint," Quinn and Stengut said. The report proved that "while the Dewey administration has spent tax money lavishly for administration purposes, it has followed a policy of parsimony toward its children—local communities."

"They said that under Dewey, state aid 'has generally tended to be below' that of Dewey's predecessor, Democratic Gov. Herbert H. Lehman, 'even though far more taxes were raised under the current regime.'"

No other governor in the state's history "has made so many bewildering changes and adjustments in the state's accounts and budgeting methods" as Dewey, the Democratic leaders maintained.

"In a word, he is the champion fiscal juggler," they declared, and added:

"It is time to launch a searching investigation into the state's financial administration. This should be done by no white-wash group."

Feinberg, Heck Reply
Senate Republican Leader Ben-

jamin F. Feinberg and Assembly Speaker Oswald D. Heck, as spokesmen for the G.O.P. majority, replied:

"After years of public waste, boondoggling and spending," the Democrats "completely reversed themselves and became overnight a party of election-year economizers in the state and spenders in the nation."

"All this despite the fact that in this year alone, before their dictated White House reversal, Democratic bills already introduced in the Legislature called for the expenditure of the fantastic sum of \$1,600,000,000, or more than twice the total state budget."

"Today the same Democratic

minority spokesmen executed a more astounding and incredible flip-flop. . . . Their latest political document is an amazing collection of deliberate misrepresentations and political demagoguery."

"We regret," said Feinberg and Heck, "that a presidential campaign has caused the Democrats to sink to the depths of fraud and

hypocrisy required by an attack on the very measures they unanimously supported and the people voted."

The Democratic leadership, "acting under the whiplash of outside powers," has now completely surrendered its own position,"

Feinberg and Heck added.

They noted that the Democrats had joined with the Republicans in supporting the \$400,000,000 veterans' bonus measure and the \$135,000,000 bond issue for permanent housing.

The Republican spokesmen said

also that under Dewey the state debt had been cut from \$496,100,000 to \$335,000,000, exclusive of the bonus and housing moneys.

Part two of the Democratic report declared that while Dewey's current operating appropriations for the state government "were

booming up from \$112,118,570 for 1941-42 to \$166,309,121 for 1945-46, for a gain of 48 per cent, the state's appropriations for aid to local governments were actually reduced from \$182,039,410 to \$159,704,462, a cut of over 12 per cent.

LEIBHARDT

Leibhardt, Jan. 28—Arlie Brown has discontinued work with the electric light firm for a while.

Henry Quick was a recent caller on his cousins at the Gorsline and Markle homes.

Willie Miller of Mombaccus is ill at his home.

Fred Brown has taken a position in Napanoch.

Mrs. Celia Kelder of Tabasco suffered an attack of illness last week while at the home of Mrs. Janie Wynkoop in Pataukunk. Her daughter, Ethel of Kingston is caring for her.

Ernest B. Markle has an infection in one of his fingers and Floyd Brown is assisting him with his work.

Claude Christians of Mombaccus opened driveways recently with his snowplow for E. J. Markle, Leslie Quick and Vincent McGarry.

Mr. and Mrs. Herman Quick called Monday on her father, Jerry Simpson of Pataukunk.

Floyd Brown made a trip to Cottekill, Monday.

Reader Service

Does Typing Hinder
Your Career Future?

Fred Johnson was an up-and-coming youngster, working as a file clerk in a big company where he hoped to get ahead.

One day the chance came—a junior executive opening with responsibility and a pay raise!

But Fred Johnson was stymied. His typing was poor and slow and the job called for weekly reports to the main office.

So another opportunity knocked into the waste-basket because of poor training for the business world in the first place.

And Fred Johnson is no isolated case. It could easily happen to you in your job—a chance to move up the ladder shot to pieces because you can't type.

Learning touch-typing at home is easy enough if you put your mind to it. All keyboards are the same so if you learn on one at home, you will be prepared to type on any machine in every office.

Teach yourself touch-typing at home with our Reader Service booklet No. 11. Exercises, charts, lessons in business grammar and form. How to type statistical reports and artistic displays.

Send 25 cents (refund for "Touch Typewriting Self-Taught") to The Kingston Daily Freeman, Reader Service, 241 W. 17th Street, New York 11, N. Y. Print name, address with zone, booklet title and No. 11.

The oak is a member of the beech family of tree and shrubs.

Waters of the Dead Sea have been found to contain more mineral content than the Atlantic.

It's Not Dignified
Philadelphia, Jan. 29 (AP)—Philadelphia used car dealers got together and voted thumbs down on such trade names as "More Money Max," "The Smiling Irishman," and "Top Dollar Joe." Names like that, the dealers solemnly agreed in a resolution last night, are not in keeping with the industry's desire to maintain a dignified attitude in its transactions with the public.

Relief From Cold Is Prospect Except For Most of South

First Break Is Felt in North Central Region; Texas Death Toll 11

Chicago, Jan. 29 (AP)—Relief from the severe cold weather which has enveloped nearly every section of the country appeared in prospect for some areas today, alleviating in some measure the critical fuel shortage which has crippled production in many industries and brought discomfort to thousands.

The first break in the frigid wave came to the chilled north central region. After three days of temperatures far below zero, readings today generally were above that mark from the Dakotas to Illinois.

The warmer air was expected to move eastward into the Atlantic seaboard, where rising temperatures were forecast. But there was no immediate relief from the unseasonably chilly weather, snow and sleet which has harassed most of the South.

Texas staggered from the impact of the snow, sleet, rain and abnormally low temperatures. Arkansas, covered with from three to six inches of ice, was pelted by new falls of sleet and snow in the worst cold wave to strike the state in five years.

The death toll in Texas from the inclement weather was 11. Huge losses of livestock were feared in West Texas and along the Gulf coast and a further drop in temperatures in the Rio Grande valley was expected to cause heavy crop damages.

There were critical gas shortages in many communities and curtailment of supplies to industries made idle more than 250,000 workers. Business establishments and schools in sections of the South, Southwest and Midwest closed because of the scarcity of gas.

Made idle by the shutdown of industrial plants and factories were an estimated 200,000 workers in the Detroit area where auto production was at a virtual standstill, and 15,000 steel workers in the Pittsburgh district.

10,000 Workers Idle
Another 10,000 workers were idle in Cincinnati and more than 8,000 others in several other Ohio cities. Also made temporarily jobless when industries closed were workers in Buffalo and Little Falls, N. Y.

Service to all industrial users, schools and most commercial establishments in 333 Texas and Oklahoma towns was cut off by the Lone Star State Gas Company. In the Kansas City area of Missouri and Kansas gas also was shut off from 900 industrial users.

Rising temperatures and clearing skies were forecast for New Mexico after Tuesday's heavy snowfall while most of Colorado recovered from the sub-zero readings. The mercury, however, was 28 at Alamosa, Colo., last night but today's low was not expected to equal yesterday's frigid 46.

Unseasonably cold was reported in both northern and southern California. Los Angeles yesterday reported a low of 32 and a high of 39, the coldest in more than a year. San Francisco's minimum was 32 and the high was 53. Southern California vegetable and fruit crops, already hit by unprecedented drought conditions, suffered further damage from the cold. No relief appeared from the drought in agriculturally rich San

Joaquin valley which has had no rain for 40 days.

Southern Florida escaped the chilly weather and Miami's high yesterday was a summery 89 with an overnight minimum of 70. The top at Jacksonville, Fla., was 50 after a night low of 44.

Argument Reaches Impasse
Sweet Home, Ore., Jan. 29 (AP)—The argument between husbands and wives over whiskies and hemlines reached an impasse today in this little northwest Oregon town with the domestic sounding name. In a campaign against new fashions, 76 husbands voted to grow beards to protest the lower hemlines. They placed a penalty of \$30 on shaving and the beards began to sprout. Now some of the women have retaliated by retreating from their kitchens and leaving the domestic chores to their husbands. It's worrying the men. They promised each other not to shave until St. Patrick's Day, March 17.

Ex-Casino Operator Dies
New York, Jan. 29 (AP)—Sidney Solomon, 64, former lessee and operator of the Central Park Casino, died Tuesday night. He was a friend of the late Mayor James J. Walker and it was during Walker's administration that Solomon obtained a lease on the old building, which was remodeled and reopened in 1929. In 1936 after the late Fiorello H. LaGuardia became mayor the structure was demolished and now is the site of a playground.

Synagogue News

Ahavath Israel

10 a. m. Sunday, 8 p. m., Sisterhood of Temple will hold package party in the social hall.

Agent Is Voted
New York, Jan. 29 (AP)—Employees of the New York curb exchange, following recent similar action by stock exchange and cotton exchange workers, have voted for the United Financial Employees Union (A.F.L.) as their bargaining agent. The vote, taken at the National Labor Relations Board office, was 178 to 12. John Cole, vice-president of the union's Local 205, said yesterday. Contracts between each of the three exchanges and the union have been extended to March 1 from their expiration date on Saturday night, and negotiations will begin immediately, Cole said. Cole said

the union seeks a \$9 weekly increase for those receiving less than \$40 and \$15 for those getting \$40 or more. He said pay scales range from \$27 to \$102.

Loses License Plate
George Dohnken, 47 Hone street, reported to police Wednesday night that he lost a 1948 license plate, 8D-777, from his car sometime on Friday between the A. & P. store on Prince street and his Hone street address.

Now Many Wear FALSE TEETH With Little Worry
Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

It is amazing what a mother can learn from a 3 months old baby—but doctors know

The specialist in infant feeding says, "Don't force your child to eat too much; baby will let you know when he wants to eat, and when he has had enough."

That is important—but equally as important is the food you select for your baby.

Since the beginning Beech-Nut has cooperated with doctors in the selection and processing of these foods. They are all scientifically prepared in spotless kitchens—the food flavors and values are retained in high degree—babies like them and thrive on them.

Beech-Nut FOODS for BABIES

"ACCEPTED"

Beech-Nut high standards of baby food products and all Beech-Nut baby food advertising have been accepted by the Council on Foods and Nutrition of the American Medical Association.

A complete line of Beech-Nut Strained and Junior Foods—Meat and Vegetable Soups, Vegetables, Fruits and Desserts.

Returns Requested By Dimes Leader

Kelly Asks Those Who Will
Donate to Send Sums
in Early

Prompt returns on checks or donations for tickets was requested today by William Kelly, chairman of the March of Dimes Mardi Gras Ball scheduled for Friday evening in the Crystal Room of the Governor Clinton Hotel.

"The help of persons having checks or others who plan to donate money for tickets to the ball by sending the amounts in early," Mr. Kelly said, "would greatly aid in saving the committee in charge much work and confusion on the evening of the dance."

Meanwhile, it is expected that the 1948 affair will be one of the most successful ever staged by the Ulster County Chapter of Infantile Paralysis, judging from the response to the ticket sale. Music for dancing will be furnished by Don Pierson and his nine piece orchestra. Several acts and other features also are planned.

Assistants Named

It was announced today that the following young women will aid Mrs. Louis Hurley, Jr., flower chairman, and Miss Alice M. Scardfield, candy chairman, Joan Brice, John and Barbara Edg, Marianne Davis, Rosemary

Murphy, Maureen Troy, Patricia Martin, Teri Tressani, Helen Larkin, Peggy Whelan, Ruth Fessenden, Madeline Reis, Rosemary Housley and Mary Martin.

Others assisting on the floor committee with Mr. Kelly will be Lawrence Quilly, Captain Andrew J. Hickey, Charles Gaffney, Evelyn Dolson, Sophie Miller, Mr. and Mrs. Raymond Garraghan, Mrs. William Soper, William Powers and William Powers, Jr.

Raymond Rignall, school chairman of the 1948 drive, has reported that students of Grade School 8 have contributed \$134 and that pupils of Grade School 6 have donated \$123 to the worthy cause. Many of the dime cards are still out, however, and further reports will be made at a later date.

It also has been announced that, upon request from the Hurley school the March of Dimes movie trailer was sent to that school to aid in the campaign. Any other school in Ulster county not yet covered by the trailer may contact Mr. Rignall at School 6 or 8 or Mrs. William Powers at 216-3.

Final totals on this year's drive will not be available until after January 31 due to the fact that both the Myron J. Michael School and Kingston High School will not be covered until the first week in February. This has been necessary due to the mid-term examinations being held this week.

Blizzard Isolates

tempting to reach Utica, turned back before reaching Lowville.

It was feared the storm might cause additional hardship to users of fuel oil who already are pinched by the general shortage. Consumption of fuel oil in the Watertown area has been relatively high due to 10 sub-zero days so far this winter.

The weather bureau at Syracuse reported that a blizzard existed when snow was accompanied by wind velocity reaching 45-60 miles an hour.

Says He Was Molested

Christadt, N. J., Jan. 29 (AP)—George Schwartz, 35-year-old Newark truck driver, wandered out of the Hackensack river meadows early this morning and told police he had been tarred and feathered by three unidentified men. Schwartz said he could not explain the attack, but Bergen County Prosecutor Walter Winn reported he was investigating an anonymous letter which linked the assault to late relatives of a Clinton woman.

Procedure Is Voted

Washington, Jan. 29 (AP)—The House voted today to consider the \$5,500,000,000 tax-slashing bill under procedure barring any changes. Democrats cried "yay."

fair, said that while the European situation has been getting the most publicity, Latin American countries have been spending dollars accumulated during the war and are now running low.

"There is no reason why sound productive loans cannot be obtained by these countries," he said, from the International Bank for reconstruction, though the highest priority should go to Europe.

Expects No Boom

Dean Myers did not agree with expectations of a further boom in exports above 1947 levels if the European recovery program is adopted by Congress. He expects, he said, a modest decrease in total exports in 1948 with further slumps in later years.

Only about one-third of total U. S. exports have been going to Europe while two-thirds have gone to other nations, mainly in Latin America and the Far East.

Discussing food, the speaker pointed out that everyone has been over-optimistic as to recovery in world food production after the recent war, but now two and one-half years after VE day "food scarcity is more acute than at any time in recent history." He recommended serious consideration be given to planning the rehabilitation of agriculture as part of the European recovery program.

"We can't hope to continue as large shipments of wheat as in 1946 and 1947, and we should help to increase European production to reduce the abnormal dependence on the United States. This, of course, is tied in with industrial production, of which fertilizers and machinery are of great importance. We should ship some nitrogen from the U. S. for 1948 crops in Germany and Western Europe."

Improvement in standards of living was listed by the Cornell Dean as the first and most important step in strengthening democratic governments. He added: "It is high time for a comprehensive program instead of a piecemeal approach in assisting in the reconstruction of war-torn countries; so they can reachability the means to earn a living."

On the domestic side, Dean Myers said that while prices and business in the U. S. may reach higher levels this year, a readjustment to lower levels is probable within the next year or two. The severity of this recession will depend in part on export demand and foreign recovery, he stated, but it is not likely to be a long severe depression. In view of this outlook, he urged a cautious conservative policy for New York farmers.

"The Horticultural Society members were told that the demand for fruit in 1948 will probably remain strong. New York fruit prices in 1947 were lower in relation to other prices than in any year since the beginning of the war, Dr. Myers said. Cherries, pears and grapes were relatively high, apples average. Normal yields for all fruits in 1948 would be likely to result in relatively strong prices for apples, pears, and peaches, and less favorable prices for grapes.

Dean Myers urged the fruit growers to use more labor saving methods where possible, to study machinery needs before buying, to order fertilizer early and use it liberally, and to get

premiums by producing high-quality fruit.

"With present high costs and outlook, growers should think twice before setting out additional trees, but moderate plantings of high-yielding varieties to maintain production may be justified on good fruit soils."

"Make all farm plans on the basis of expected lower net incomes, and keep your business on a sound financial basis," he advised.

Chapman Speaks

P. J. Chapman of the Geneva station, told members of the Society in the Wednesday afternoon session that "mites are becoming increasingly important as orchard pests."

These tiny spider-like creatures extract juice from the leaves, he said, and what they lack in size is more than made up for in numbers as they reproduce at a rapid rate.

The powerful insecticide DDT, he said, is ineffective as a mite killer, but is highly toxic to some of the mites' natural enemies.

The DDT, he said, does not appear to operate in this manner for the European red mite, "but it evidently does for a new one in orchard planting, the two-spotted mite. The latter, he reported, was not known as an orchard pest in New York state until the advent of DDT." Now, he said, "it occurs generally in the state and was particularly active in Hudson Valley orchards in 1947."

The speaker explained the types of oil sprays used to combat the insects and reported that "new chemicals developed in Germany during the war show great promise as mite killers."

S. W. Hurman, also of the Geneva station, in another Wednesday afternoon address stressed the damage to apples by the red-banded leaf roller, and explained effective spraying methods.

Increasing damage by the insect became apparent in the fall of 1946, he said, and "in just one year this insect increased so rapidly that it caused practically a total loss of the apple crop in a number of orchards."

The substitution of D.D.T. for lead arsenate in the apple spray program, he said, "in all probability was an important factor in bringing about our leaf roller problem."

This is another of a group of insects resistant to D.D.T., sprays "so effectively used on the codling moth."

The speaker stressed the point that "it takes years of careful field testing of a new material before we are in a position to make dependable recommendations."

Rose Fredericks

New Pall, when it was in collision at Robinson avenue and Broadway with a taxi owned by Alexander Kernochan and driven by Edward Diller, 206 South street, Newburgh.

Both vehicles were damaged considerably, the police said.

Studies at Columbia

New York, Jan. 29 (AP)—Capt. John S. D. Eisenhower, son of the general, registered today for a refresher course at Columbia University preparatory to teaching English at West Point. The university said Capt. Eisenhower would complete two graduate courses in English and three in the school of general studies next June 1 just before his father becomes president of Columbia.

Local Death Record

The funeral of the infant son of Robert J. and Winifred Dermody Joseph was held Tuesday with burial in St. Mary's cemetery.

The body of Wallace B. Freer, who died in Orono, Maine, which was due to arrive in Kingston this afternoon and to lie in state this evening at the parlors of A. Carr & Son's will not arrive until Friday morning.

The funeral of Kenneth E. Archer of 134 St. James street, who died January 25 was held from the parlors of A. Carr & Son, 1 Pearl street, Wednesday at 2 p. m. Services were conducted by the Rev. J. D. Dykstra, pastor of the Fair Street Reformed Church.

Services were largely attended and there were many beautiful flowers. Burial took place in Wiltwyck cemetery.

Funeral services for Margaret Sanford were held Tuesday from her home, 112 Pearl street, and at St. Joseph's Church, where at 9:30 a. m. a high Mass of requiem was celebrated for the repose of her soul by the Rev. John D. Simmons.

The children's choir sang the responses with Mrs. Frank Rafferty at the organ. Numerous beautiful floral designs were placed about the room in which the deceased rested. There also was a large number of mass cards. Scores of people called to pay a tribute of respect to one who was held in high esteem by all. Monday, the Rev. Msgr. Martin J. Drury and Father Flaherty of St. Mary's Church called and recited prayer.

ers for the dead, Monday evening the Rev. Monsignor Stephen Connelly called and with the Rev. John Brown led those assembled in the recitation of the Rosary. Monday evening the Kingston Fire Department called in a body led by Fire Chief Joseph L. Murphy to pay respects to the mother of Deputy Chief Harold Sanford. Bearers were Dennis Fennelly, Thomas Bashall, Henry Page, Ray Adams, John McManus and Edward Ryan. Burial took place in St. Mary cemetery where Monsignor Stephen Connelly pronounced the absolution at the grave.

Provides Mobilization

Warsaw, Jan. 29 (AP)—A law expected to pass Parliament today provides for broad mobilization for military training of youths and undrilled men up to 30. The official press agency disclosed that the "szluba polska" statute creating a government-directed national youth organization provided compulsory military training not only for youth in the 16-21 age brackets but also for men of more advanced years. The measure provides that both boys and girls from 16 to 21 will receive occupational and physical training in every province, city and village in Poland. They will be required to work on the national construction program six hours a day.

Amendment Is Burned

News of Interest to Fraternal Organizations

The regular meeting of Charles DeWitt Council 91, Jr. O.U.A.M., will be held Friday at Mechanics' Hall, 14 Henry street, beginning at 8 p. m. New members will be welcomed into the organization. Refreshments will be served.

Basadre Appointed

The Pan American Union today announced the appointment of Dr. Jorge Basadre, distinguished director of the National Library of Peru, as chief of the newly-created Department of Cultural Affairs. Dr. Basadre will leave Peru by plane on February 1 to take up his new duties at the Pan American Union.

Chest X-ray Parley

Plans for assistance in the development of a chest X-ray program in Ulster county will be discussed at a meeting in the Kingston Laboratory at 8 p. m. today. The meeting was called by Dr. George James, county commissioner of health, and representatives from every township in the county have been invited.

Hearing Is Adjourned

Justice of the Peace George Brandly of Woodstock yesterday adjourned until Saturday a hearing on the charge of disorderly conduct lodged against Harry Velsor, 49, of Woodstock. Velsor was arrested Tuesday on complaint of his wife.

Would Fix Prices

Washington, Jan. 29 (AP)—Two consumers' groups today asked that the government fix prices right away and on scarce foods and things everybody has to have. But two dairy industry groups said that would be a big mistake.

Card of Thanks

We wish to express our sincere thanks to everyone for their kind expressions of sympathy extended to us during our recent bereavement.

(Signed) MRS. MARY MAYONE AND DAUGHTERS

DIED

FREEER—At Orono, Maine, January 26, 1948, Wallace B. Freer, formerly of 15 Belvedere street, Kingston.

Funeral and interment will be private. Kindly omit flowers. Friends may call at the parlors of A. Carr & Son, 1 Pearl street, Kingston on Thursday evening, between the hours of 7 and 9 o'clock.

Cream Pie — Good Eating, Good to Look At

Festive cream pie is something to celebrate.

By GAYNOR MADDOX

NEA Staff Writer

In every family there is an occasional festivity. That's where this traditional American cream pie, plus trimmings, comes in. It's good eating, good food and good to look at. So don't let the extra time needed prevent you from treating your family and friends.

Festive Cream Pie

(Serves 5 to 6)

Crust: One cup sifted flour, 1/4 teaspoon baking powder, 1/2 teaspoon salt, 1/3 cup shortening, 2 to 3 tablespoons ice water. Sift together flour, baking powder and 1/2 teaspoon salt. Cut in shortening with fork or pastry blender until it is size of peas. Add ice water a little at a time, mixing only enough to hold ingredients together. Place dough on lightly floured board and roll to about 1/8-inch thickness.

Line a nine-inch heat-resistant glass or metal pie plate. Allow pastry to extend about 1/4-inch beyond top edge of pie plate. Tuck pastry under so that it just comes to top of pie plate and press pastry into flutes on pie plate.

Bake in hot oven (325 degrees F.) for about 18 minutes or until crust is brown. Filling: One teaspoon gelatin, 1 tablespoon cold water, 1 cup milk, 1/2 cup sugar, 3 tablespoons cornstarch, 1/4 teaspoon salt, 3 eggs, 1 1/2 teaspoons vanilla extract, 1/2 teaspoon almond extract, 1/2 cup sliced almonds, 1/2 cup sliced maraschino cherries, 1 cup whipping cream. Soften gelatin in cold water. Heat milk in top of a double boiler. Mix together sugar, corn-

starch and 1/4 teaspoon salt. Add some of the hot milk to the cornstarch mixture and mix thoroughly.

Then return mixture to top of double boiler and continue cooking until thick. Stir constantly. Cook for about 15 minutes longer or until no starchy taste remains.

Beat eggs until light and fluffy. Stir into thickened mixture and continue cooking for about three minutes longer, stirring constantly. Remove from heat and stir in dissolved gelatin. Cool and add vanilla and almond extracts. Stir in sliced almonds and cherries. Whip cream and fold into mixture. Pour filling into baked pie shell.

Garnish: Ten maraschino cherries, 2 ounces citron.

For festive winter occasions, garnish with maraschino cherries and citron cut in shapes to resemble poinsettias. Chill pie in refrigerator for about two hours or until it is firm.

TOMORROW'S MENU

BREAKFAST: Stewed dried prunes and apricots, ready-to-eat cereal, whole wheat toast, butter or fortified margarine, homemade marmalade, coffee, milk.

LUNCHEON: Split pea soup with fried croquettes, warmed rye rolls, butter or fortified margarine, American cheese, baked apples, light cream or top milk, oatmeal cookies, tea, milk.

DINNER: Scalloped white fish and potatoes in cheese sauce, green beans, enriched hard rolls, butter or fortified margarine, mixed green salad (lettuce, escarole and watercress), festive cream pie, coffee, milk.

These Two Helped Each Other to License Clerk

Macon, Ga., Jan. 29 (AP)—A woman wrestler and a roller skater, both with broken legs, helped each other to the Bibb county court house for a marriage license.

Miss Agnes Aline Murphy suffered a leg fracture in a wrestling match at Columbus, Ga., and walked with the aid of crutches while Anthony Page Hall used a cane after breaking his leg while skating.

They were directed to the marriage license desk by a fellow sufferer, Lintony Burkett, court house reporter for the Macon

News, also on crutches. Burkett broke his leg in a fall recently at the court house.

Clerk Judith Wiley took their application, wished them well and offered sympathy, she had broken a leg once herself.

Japanese Printers Strike

Tokyo, Jan. 29 (AP)—Japanese printers turning out more and more men for the government, struck today because they want more men from the government.

The plural of octopus is octopuses, octopodes or octopi.

Lacelle-Thompson Bout Expected to Jam Auditorium Tonight

Supporting Card Promises Action; First Scrap 9 P.M.

Indications are that tonight's B'nai B'rith boxing card will draw a capacity house to the municipal auditorium to see a lot of fiery action, featuring two Olympic hopefuls, Ronnie Lacelle of Ottawa, Canada, and Jackie "Spider" Thompson, Buffalo featherweight sensation.

Lacelle is expected to represent Canada at the Olympics in London, England, and Thompson, Golden Gloves champion of the Niagara District, A.A.U., is regarded as the boy most likely to win the U. S. national title which means an appearance for him in the great sports spectacle overseas.

Both Lacelle and Thompson have appeared at the auditorium before and comment among fans reveals that they are eagerly awaiting tonight's bout and expect plenty of action when the two featherweights step into the ring as opponents.

Virgilio on Bill

Other five-round matches on the bill besides the feature attraction are:

Carmine Virgilio, 118, Poughkeepsie, resuming activities after more than six months rest from competition vs. Johnny Pich, Ottawa bantamweight, who hopes to upset Virgilio's plans for a successful comeback.

Clayton Kenny, 132, Ottawa, Canada vs. Al Brown, New York, who hopes to come through in the metropolitan Golden Gloves this year.

Joey Sandulo, 120, Ottawa vs. Lou Jacobs, another Buffalo boy under the direction of George

Lampshire who handles "Spider" Thompson.

There are three three-rounders on the card, the first one of which will start at 9 o'clock.

Three More Yankees Sign Terms; 12 Still Unsigned

New York, Jan. 29 (AP)—The New York Yankees, who have been setting a fast pace in getting their athletes under 1948 contract, report only 12 players now unsigned.

Those not in the fold are pitchers Bill Bevens, Frank Hiller, Alie Reynolds, Frank Shea, Charley Wensloff, Dick Starr and Bobo Newsom; catchers Yogi Berra and Aaron Robinson; infielders Jerry Coleman and George McQuinn and outfielder Johnny Lindell.

Three men signed contracts yesterday. They were catchers Sherm Lollar and Charles Sivera and third baseman James Dyck.

Graziano-Zale Bout Unsettled

New York, Jan. 29 (AP)—A third battle between Middleweight Champion Rocky Graziano and former titlist Tony Zale—to be held in the Atlantic City, N. J., Convention Hall in May—was being discussed here today.

Al Weill, acting for a group of "men from Wall Street," said he had offered Graziano \$120,000 to defend his crown against the Gary, Ind., veteran from whom he wrestled it last July in Chicago. Zale reportedly was offered \$60,000.

Weill met again today with Irving Cohen, Graziano's manager, Sam Pjan, Zale's manager, and would-be-promoters after a conference yesterday failed to effect an agreement.

Weill declared the proposed fight still is in a tentative stage because "Rocky has previous commitments."

Majors Start Big Drive for Youths; Veterans Fade Out

New York, Jan. 29 (AP)—The youth movement definitely is on the march in the major baseball leagues.

In sharp contrast to the war years when grizzled and fading veterans were the prime requisites in order to keep baseball alive, big league club owners are launching a drive for young blood which promises to produce the biggest turnover in history.

Already it has resulted in reducing the number of 10-year men in the majors to the lowest total in years. The 16 big league spring training camps will present more freshmen than ever before.

Of the approximately 640 players (40-player limit per team) on major league rosters for the coming season, 62 are rookies. A majority of these have never appeared at a big league training camp before. Others have had brief trials but were sent to minor league farms for further development.

Eager to make room for these newcomers, the owners have handed pink slips to 30 men who have graced big league rosters for 10 or more years. This wholesale pruning leaves only 40 members of the select 10-year group, 21 in the American League, and only 19 in the National.

Reds Sign Walters
Bucky Walters, veteran pitcher for the Cincinnati Reds, and Everett Lively, rookie moundman, have sent in their signed contracts. It was announced today. Walters had an eight and eight record in 1947. The Reds now have 32 players in the fold.

In The Pocket

with CHARLIE TIANO

Bagatelles:

When Ernest C. "Duke" Landgraf, the voluble president of the North Atlantic League, broke off his engagement with Kingston, there was no concerted rush to the waiting wall among local baseball fans. As a matter of fact, they didn't even ask Duke to return the engagement ring.

Duke's fondness for Kingston wasn't enhanced any by an incident that occurred last summer at the municipal stadium. It was shortly after the Sugar Scherger rhubarb and The Duke was on an inspection tour of the N.A.L. (incognito) to learn if his umpires were as inferior as players, fans and sports writers insisted they were.

The Duke (incognito) glided into the stadium in a big black limousine in order to avoid publicity, pulled an Arabian cape over his head and parked himself on one of the un-cushioned seats at the stadium for a looksee at his men in blue.

The Seitz Incident:

Directly behind the Duke sat Harry Seitz, deputy city clerk who is remotely connected with the society department of The Freeman and who did considerable romancing at the stadium last year. Harry didn't know the Duke and The Man was oblivious of Harry's existence, which fact is not expected to materially affect either's chances for a pay raise this year.

Seitz was righteously expostulating on what he and the baseball fans of Kingston thought about Mr. Landgraf. And it wasn't good. Anybody could have detected the crimson tinge on Landgraf's ears but then nobody knew The Man but he took it unflinchingly. Seitz continued the merciless tirade against Landgraf until Fred Eisler, the Stuyvesant major domo, feared a cataclysmic explosion.

Leaving out to Harry, Eisler said: "Don't you think you'd better stop. Harry The Man you're talking about is sitting right in front of you."

Flotsam and Jetsam:

Carl Spiegel, the former Rondout baseball ace, relates that Coley Wallace, the prize amateur heavyweight prospect who knocked out Paul Simpson on the last card, stood all the way from New York to Kingston, stooped over on one of those buses the day he journeyed to the city. . . . Carl says that Wallace wasn't as concerned about Simpson as much as the spectre of getting jobbed on a "home town" decision. . . . Spiegel assured Wallace that officiating here was good and the judges had no axes to grind and the big New Yorker was much relieved. . . . The rest is pugilistic history. . . . John MacLellan's suggestion that Rose Schatzel disqualify herself from individual prizes in future K.W.B.A. tournaments rates serious thought on the part of the Queen. . . . Mrs. Schatzel is in a league by herself and should follow the example set by Johnny Ferraro several years ago. . . . If the day comes when her competition develops to the point where it's a reasonably even battle, handicap or no handicap, she could always return to active competition. . . . The situation being what it is these days, we doubt seriously there is too much glamour attached to Rose's monotonous string of victories.

Of Men and Mice:

C. J. Harrison, Middletown scribe, reports that lots of criticism is being directed at Bill Burke, Kingston football coach, for refusing to sanction Middletown's Ken Higgins and Staatsburg's Ken Stewart to officiate home games for the Maroon. . . . C. J. says it's a takeoff on the "12th man" incident that cropped up in the second Kingston-Port Jervis game last fall. . . . Other DUSO coaches, says C. J., have praised both Stewart and Higgins for honest, conscientious officiating but there's nothing they can do. . . . Harrison suggests that Bill reconsider his action before he decides have anybody left to work his game. We're not too concerned about such an eventuality but we do appreciate how Bill Burke must feel toward those two officials after that incident that cost Kingston a DUSO football pennant. . . . A guy doesn't forget something like that overnight.

Joseph L. Kuharich, 30-year-old Notre Dame graduate and an off-season resident of Middletown, has been named head football coach of the University of San Francisco. . . . Kuharich, who resigned to join the Chicago Rockets of the All-America Conference.

Barney Spinella, the A.B.C. bowling immortal who appears in Kingston Saturday night, was a member of a team that bowled only one challenge match—the New York Dwyers. Members of the squad—Mort Lindsey, Joe Falcato, Andy Varipapa, Gene Arnhorst and Spinella—murdered Walter Ward's Cleveland gang by several thousand pins in a \$2,000 match and were never able to find another opponent.

MULLIGAN MIKE SAYS: The only trouble about being able to read women like a book is that you are liable to forget your place.

93 Eligibles Are Nominated for '48 Belmont in June

New York, Jan. 29 (AP)—Ninety-three of the nation's leading three-year-olds including Citation, king of the 1947 juveniles, have been nominated for the mile and a half Belmont Stakes to be run at Belmont Park June 12.

The \$100,000-added event, to be run for the 80th time, is America's oldest three-year-old classic. In announcing the nominations, the Westchester Racing Association pointed out that the Belmont—third number in America's "triple crown" of racing—would follow the Preakness Stakes at Baltimore by a month, and the Kentucky Derby in Louisville by six weeks.

This date (June 12) leaves an unusually long interlude between it and the runnings of the Kentucky Derby and the Preakness, the association said.

Derby on May 1
"The Kentucky Derby is on May 1, the Preakness May 15, so that there is a month remaining to bring horses up to the longer mile and a half of the Belmont." The Derby distance is a mile and a quarter. The Preakness, a mile and three sixteenths. Last year

the Belmont followed the Preakness by three weeks.

Citation, Calumet Farm's leading Derby candidate, now is at Hialeah track, Miami, Fla., where he is expected to go postward shortly for his 1948 debut.

Top of the 16 horses assigned topweights for the experimental Free Handicap, to be run at Jamaica in April were nominated for the Belmont. After Citation, they include King Ranch's Better Self, Circle M Farm's Relic, Ben Whitaker's My Request, W. L. Brann's Escadru, Calumet's Free America, Mrs. H. L. Sagner's Argo, and C. V. Whitney's Vulcan Forge.

Galveston, Tex.—Eddie Bertolino, 133, Galveston, decided Gene Spencer, 132, Chicago (10).

Pro-Vets Dump Legion, 43-35, in Ragged Game

Louis to Fight in Chicago Tonight

Chicago, Jan. 29 (AP)—Joe Louis, world's heavyweight boxing champion, who will appear in a four-round exhibition match in the Coliseum tonight opposing young Bob Foxworth says, "I'm gonna be trying to hit somebody like I didn't hit Walcott."

It will be the champion's first appearance in a ring since he was awarded the disputed 15-round decision over Jersey Joe Walcott in New York last Dec. 5 and Louis says it will also be his last appearance in a Chicago ring. He plans to retire this year.

The Illinois State Athletic Commission has sanctioned tonight's bout as an exhibition and there will be no official decision. Louis' title will not be at stake the commission ruled, even though Foxworth should score a knockout. The commission added, however, no one can prevent Foxworth from claiming the title—if he knocks out the champion.

Sweet Shop Cagers Down Stone Ridge

With Titus, Mulligan and Rowland carrying the brunt of the scoring punch, the Sweet Shop basketballers rolled up a hard-fought 68 to 56 triumph over Stone Ridge this week on the latter's court.

Titus hammered away at the wickets for 23 markers on 11 fields and one charity conversion while Mulligan dropped in 14. Rowland followed with 12. Quick and Linhartz paced the losers with 19 and 15 points respectively. The winners enjoyed a 33-25 edge at halftime.

The scores:
Sweet Shop (68)—Titus f 23; Mulligan f 14; Rowland f 12; Haggerty f 3; Diamond c 6; Sangaline c 0; Fuoco g 3; Hyde g 7.
Stone Ridge (56)—Brink f 4; DiMuccio f 11; Linhartz f 18; Quick g 10; Elmendorf g 4.

Junior Basketball

With Priest, center for Salvation Army, rolling up a terrific total of 38 points, the S.A. cagers humbled the Lutheran Redeemers this week by 81 to 46 at the M.J.M. court. Priest tossed in 18 fields and converted two foul shots.

B. Faurote of the winners piled up 17 points while Hyde of the losers led his club with an even 20.

Salvation Army led at halftime by 40-23.

The scores:
Salvation Army (81)—B. Faurote, f, 17; Hughes, f, 12; Priest, c, 38; C. Bosco, g, 4; L. Faurote, g, 2; Morris, g, 0; Hudler, g, 8; J. Bosco, g, 0.
Redeemers (46)—R. Hooker, f, 6; Koch, f, 12; Hyde, c, 20; Rowland, g, 8; G. Hooker, g, 2.

The Wappingers Falls Pro-Vets racked up their seventh consecutive victory, 43-35, in a ragged game against the Kingston Legionnaires last night before a sparse gathering at the municipal auditorium.

After watching the two teams stumble through the worst exhibition of the season, you wondered how the Pro-Vets have been able to maintain an unsullied record to date. Chalk it up to an off-night, for both sides, perhaps.

With Andy Murphy III and Charlie Bock completely spiked by the Dutchess cagers, the Legionnaires hit a new low of 12 buckets. Murphy, the seige gun, was restricted to five prints while Bock contributed a field and singleton.

Tommy Maines, sporting a spare tire around the midriff, made his first appearance with the Legionnaires since a leg injury and accounted for a couple of foul shots.

Third Period Rally
Trailing 7-14 at the quarter mark and by 9-23 at the half, the Legionnaires appeared to be on their way to the worst setback of the season when they suddenly came to life in the third canto, outscoring the visitors 16-12 to trail 25-35 at the three quarter mark.

Legionnaire hopes were fanned briefly when Andy Murphy connected with a typical hook shot going under to cut the Pro-Vet lead to 35-27, but from then until the finish it was a scoring stalemate.

The fourth quarter was a turbulent period marked by excessive fouling by both sides and the antics of a delegation of Wappingers rooters, some of whom had obviously mistaken colored fluids for water. The visiting firemen made a lot of noise, rode the referees heavily and added to the general confusion.

Long John Cottrill, the Pro-Vets' highest scorer, was absent but Johnny Hudson, a layup shot artist, paced the Vets with 14 markers. Tom Houlihan, voted the best player in Poughkeepsie in 1946, was runnerup with 9 markers. Wes Westrum, the New York Giant catcher, collected only two points, on a spectacular one-handed shot from sidetrack but drew four stars in must of the meles.

George Bloom took over the high scoring role generally occupied by Andy Murphy, sinking five fields and four fouls for 14 points. Houghtaling and Murphy were runnerup with 5.

Binghamton, N. Y.—George Williams, 156, Baltimore, Md., stopped Sidney Miller, 162½, Youngstown, O. (2).

Committee Asks

Continued from Page One
schools under a new plan involving a "size correction factor." The committee proposed that the plan become effective July 1, 1948, and said the full effect would not be reflected in the 1948-49 state budget which Governor Dewey will submit to the Legislature tomorrow.

New York City, under the proposed plan, would receive \$58,900,000 annually, an increase of \$6,600,000 over formula and emergency funds combined this year and \$16,000,000 more than under the present formula alone.

The new plan would jump annual state aid to \$182,000,000. The total for the 1947-48 fiscal year, which ends March 31, will amount to about \$152,000,000, including the emergency appropriation by the 1947 Legislature to help meet the state-mandated teacher pay boosts.

The 11-page report was signed by four of the five committee members. Education Commissioner Francis T. Spaulding submitted a three-page minority report.

The majority report was approved by Senate Majority Leader Benjamin F. Feinberg, Assembly Speaker Oswald D. Heck, State Budget Director John D. Burton, and Charles D. Breitell, counsel to Governor Dewey.

Late Bulletin

St. Moritz, Switzerland, Jan. 29 (AP)—J. Sigfrid Edstrom, president of the International Olympic Committee, announced tonight that the I.O.C. had voted 16 to 10 to ban both U.S. hockey teams from the winter Olympics and that "negotiations" would be opened with the Swiss to resolve the dispute.

Previously, Dr. Albert Mayer of the Swiss Organizing Committee, speaking in angry tones, declared the Swiss would not be bound by the vote because of their contract with the International Ice Hockey Federation. He predicted his group would reject the decision.

Planned Parenthood Clinics Number 570

There are 570 Planned Parenthood clinics today in all the 60,000 American cities, towns and villages it has been made known in the latest Public Affairs Committee pamphlet.

"The obvious need for an expanded Planned Parenthood program is apparent, states Dr. Elizabeth Moore of this city, 'especially since the great majority of American people are in favor of making child spacing information available as shown by repeated public opinion polls. Our Planned Parenthood clinic in Kingston at 578 Broadway serves Ulster county, with the nearest available clinics in either direction at Albany and Poughkeepsie. Although we are conveniently available in Kingston, there are many mothers outside Kingston who must come here for child spacing service."

The Public Affairs Pamphlet, "Planning Your Family," which is available at the local Maternal Health Center, 578 Broadway, states that "ideally, child spacing service should be a part of the state health program. That is so in six states, where clinics are available in every county. It is not true in New York state. Persons familiar with the Planned Parenthood program, doctors and social workers generally, are aware that public acceptance of child spacing in family planning is very general, as high as 80 per cent according to one national poll."

Murphy to Submit His Annual Report
Fire Chief Joseph L. Murphy will submit his annual report to the Board of Fire Commissioners at a meeting tonight at the Central Fire Station. This report will include a statement on fire losses in the city during 1947, and a report on the total building permits issued during that year. Chief Murphy said today. Any routine business is expected to come before the board at that time, he said.

Man Hurt in Fall
Patrolman Carl Janasiewicz reported to police headquarters that Walter Fitzgerald, 28, of Ulster Park, had fallen on the sidewalk about 11:30 p. m. Wednesday and sustained injuries to his right hip and ankle. The fall occurred in front of 33-35 Railroad avenue, the patrolman said.

Steam used in modern steam turbines sometimes travel at 1,200 miles an hour.

France to . . .

Continued from Page One
The Finance Commission taking away such money would strike a blow at inflation, too, by reducing the amount of money in circulation. The reduction, Assembly sources estimate, would be about 18 per cent.

France has 902,000,000 francs in circulation, nearly double the circulation in 1944 after liberation. Shortly before the bill was introduced, Schuman said the cabinet had agreed to it in a meeting held before the Assembly session. In the Assembly, Communist Deputy Jacques Duclos objected to Schuman's demand for rapid action on the bill. He said speculators already were buying 5,000 franc notes for 4,000 francs.

Observers said one aim of the new bill was to satisfy the Socialists. They have been balking at a separate bill to authorize a free market in gold. The latter move would tend to bring hoarded gold stocks out of hiding and enable France to use these reserves to buy needed imports.

Pierre Abelin, secretary of state for the premier's office, said there were about 66,000,000 of the 5,000 franc notes in circulation representing a value of some 330,000,000 francs, or 37 per cent of all current French bank notes. The bill to do away with the 5,000 franc notes declares that all current 5,000 franc notes cease to have value as of today, and "decrees will fix the conditions, forms and delays in which the notes will be retired from circulation and their value reimbursed to holders."

The government did not make clear whether it intended eventually to issue new 5,000 franc notes. The bill provides penalties ranging from a fine of 1,000,000 francs to five-year jail terms for those trying to evade its provisions. Authoritative sources said black marketers are believed to hold 50 per cent or more of the bills. The rest is believed to be in the hands of banks and persons who can prove their right to the money. Many Frenchmen grew panicky at unconfirmed rumors the government would give back only 3,000 francs for each note. In at least one Paris neighbor-

France to . . .

hood, housewives found a shopkeeper unaware of the freeze and rushed to pay their back bills—all in 5,000 franc notes. Political uneasiness in the cabinet and the threat of a government crisis seemed on the wane. Abelin said Schuman would not make the bank note bill a test of confidence.

Two other money measures which did not need the Assembly's okay were put into effect by government edict Monday. One was the cheapening of the franc from about 119 to about 214 to the dollar. The other was the creation of a free-money market here. Both were calculated to attract trade and tourists to France by making the dollar worth more.

Good News in Rockland

Spring Valley, N. Y., Jan. 29—Rockland county residents who heat their homes with natural gas will continue to have warm homes because they have tried to conserve the supply. A spokesman for the Rockland Gas Co., and Rockland Light and Power Co., said today 3,000 heating customers could raise thermostats from 62 to 65 degrees days and from 50 to 60 degrees nights. He said increased home temperatures were possible because customers had heeded the companies' warnings and kept thermostats low. Cold weather cut the natural gas supply last Monday and manufacturing plants were rushed into use. Still shut down by the failure of the natural supply are 100 industries in the county.

'Drug Train' Planned By Jersey Association

Newark, N. J., Jan. 29 (AP)—A coast-to-coast "drug train" to collect medical supplies for Europe was planned last night by the New Jersey Pharmaceutical Association.

The group, in mid-winter convention, adopted a resolution proposing the nation's pharmacists become depots for collection of drugs and medicines needed overseas.

Dr. Ernest Little, president-elect of the American Pharmaceutical Association and former dean of Rutgers College of Pharmacy, promised support of the national group.

"This is a splendid idea," he said. "It deserves—and will get—support from the nation's pharmacists."
If approved nationally, the plan would work this way: The public would contribute by donating 25 cents or more in collection boxes set up in pharmacies. Wholesale drug houses would supply the drugs at cost and turn them over to a national collection group, probably the American Pharmaceutical Association.

Jurors to Meet
Ulster County Grand Jurors Association will hold its monthly meeting at the court house on Monday, February 2, at 8 p. m. All members are requested to be present. President Thomas J. Murphy will talk on a subject of great importance to all members.

Snow Is Removed From Abeel Street

Large piles of snow which forced automobiles to park at some distance from the curb on Abeel street on Wednesday caused firemen at the Cornell station to complain to police that it would be almost impossible for them to get out of the station with their truck in the event of a fire.

Patrolmen Charles Hoching and Walter Van Stoenburgh were assigned to clear that area of Abeel street of traffic, and the Board of Public Works, notified of the condition, police reported. This morning the snow loaders are working in that area, to clear up the condition, Board of Public Works officials said.

ARE YOU HEATING THE GREAT OUTDOORS?

It costs money to melt the snow off your roof. In fact, as much as 25% of your fuel might be going to waste this way.

An uninsulated house—besides wasting fuel—is hard to heat, cold in spots, overheated in others—drafty and unhealthy.

Barrett Rock Wool Insulation, installed by our expert workmen, can make your house more comfortable winter and summer... and pay for itself in a few years in fuel savings.
